Graduate Studies

Welcome to Drexel!

Where Ambition Thrives

On behalf of Drexel's colleges and schools, it is my pleasure to welcome you as you begin your exciting journey as a Drexel graduate student. Our graduate programs emphasize academic rigor, real-world experience, innovative research, and supportive mentorship. Our students graduate with extensive training in their chosen fields, and are prepared to make career decisions that best fit their abilities and aspirations. They go on to shape the future of their chosen disciplines across the world.

As you know, advanced degrees are more valuable than ever; at Drexel, we are focused on providing you with the skills and knowledge that will set you apart within your field. I encourage you to make the most of opportunities such as graduate minors and Drexel's world-class Steinbright Career Development Center, alongside ongoing professional development offerings that will enrich your academic studies.

Drexel also has an active Graduate Student Association, which advocates for student scholarly and professional development. From research symposiums and interdisciplinary workshops to social gatherings, there is always something going on within the vibrant Drexel graduate community.

Again, please accept my warmest welcome and very best wishes for a successful academic year.

Sincerely,

Elisabeth Van Bockstaele, PhD
