Notes to Financial Statements June 30, 2022, and 2021

1. Organization

Academic Properties, Inc. (the "Company" or "API") is 100% owned by Academic Assets, Inc. and Academic Assets, Inc. is 100% owned by the Drexel University. API is an exempt organization under Section 501 (c) (3) or the Internal Revenue Code. API manages properties used by Drexel, as well as other strategically located properties contiguous to its campus.

2. Summary of Significant Accounting Policies

Basis of Accounting and Financial Statement Presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and with the provision of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*, which requires API to classify its net assets into two categories according to donor-imposed restrictions; net assets without donor imposed restrictions and net assets with donor imposed restrictions.

Net Assets without Donor Restrictions – Net assets without donor restrictions are funds which have no restrictions, and over which the Board has discretionary control.

Net Assets with Donor Restrictions - Net assets with donor restrictions are subject to donor-imposed stipulations that (a) may be fulfilled by actions of API to meet the stipulations, (b) may become unrestricted at the date specified by the donor or (c) are subject to donor-imposed stipulations that they be retained and invested permanently by API.

There were no net assets classified as with donor restrictions as of June 30, 2022, and 2021.

Measure of Operations

API's measure of operations as presented in the statement of activities includes rental income from properties, management fee income from affiliates, and other miscellaneous revenues. Operating expenses are reported on the statement of activities by natural classification.

Liquidity and Availability

API's financial assets available within one year of the balance sheet date for general expenditure as of June 30, 2022, and 2021 are as follows:

	2022	2021
Total assets at year-end	\$ 29,565,241	\$ 27,629,572
Less: non-financial and financial assets not available within one year		
Prepaid expenses and other assets	(660,551)	(724,249)
Tenants' escrow accounts	(146,689)	(112,828)
Deferred charges, net	(1,498,271)	(973,862)
Operating Lease Right of Use (ROU) Asset	(5,231)	(8,110)
Rental property and equipment, net	(18,722,335)	(18,506,025)
Financial assets available at year-end for current use	\$ 8,532,164	\$ 7,304,498

API has \$8,532,164 of financial assets that are available within one year of the balance sheet date to meet cash needs for general expenditure. In addition to these available financial assets, a significant portion of API's annual expenditures will be funded by current year operating revenues including rental income from properties, management fee income from affiliates, and other miscellaneous revenues. API structures its financial assets to be available as general expenditures, liabilities and other obligations come due.

Notes to Financial Statements June 30, 2022, and 2021

Cash

Cash and cash equivalents represent demand deposits and other investments with an initial maturity date not exceeding 90 days. On June 30, 2022, and 2021, API had cash balances in financial institutions, which exceed federal depository insurance limits. Management believes the credit risks related to these deposits to be minimal. Cash and cash equivalents are carried at cost, which approximates fair value.

Expenses

All API expenses are in support of one program, which is managing Drexel's properties.

Rental Property and Equipment, Net

Land, building, and equipment are stated at cost, or the original purchased cost transferred from Drexel. The Company recognizes depreciation over the useful lives of the depreciable assets on a straight-line basis. Useful lives range from 3 to 20 years.

Deferred Charges

Deferred charges represent rent revenues recognized on a straight-line basis over the term of the Company's lease agreements that have not been billed as of year-end.

Deferred Revenue

Deferred revenue represents cash paid in advance for future rent.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Asset Retirement Obligation/Asset

The Company determined there were legal obligations to perform certain asset retirement activities associated with certain fire doors, carpeting and storage tanks. The total asset retirement cost and obligation recognized was \$6,885 and \$197,336 respectively, for 2022 and \$6,185 and \$194,780 respectively, for 2021 and is included in rental property and equipment, net, and accrued expenses, respectively.

Recently Adopted Accounting Pronouncements

In August 2018, the FASB issued ASU No. 2018-15, *Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract*. The ASU aligns the accounting for costs incurred to implement a cloud computing arrangement that is a service arrangement with the guidance on capitalizing costs associated with developing or obtaining internal-use software. ASU No. 2018-15 is effective for annual periods beginning after December 15, 2021, with early adoption permitted. Entities can apply the guidance prospectively or retrospectively. API has early adopted the standard on a prospective basis effective July 1, 2020. The adoption of this guidance did not have a material impact on its financial statements.

Notes to Financial Statements June 30, 2022, and 2021

In November 2018, the FASB issued ASU No. 2018-18, *Collaborative Arrangements (Topic 808)* — *Clarifying the Interaction between Topic 808 and Topic 606*, which seeks to clarify that certain transaction between collaborative arrangement participants should be accounted for as revenue and apply all relevant guidance under Topic 606 to these revenues. In additional this ASU provides more comparability in the presentation of revenue for certain transaction between collaborative arrangement participants. ASU No. 2018-18 is effective for annual periods beginning after December 15, 2020. API has adopted the standard effective July 1, 2021. The adoption of this guidance did not have a material impact on its financial statements.

In September 2020, the FASB issued ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which increases the transparency of contributed nonfinancial assets within the financial statements of not-for-profit entities through the enhancement of the presentation and disclosure of such activities. The new guidance is effective for fiscal years beginning after June 15, 2021, and interim periods with fiscal years beginning after June 15, 2022. Early adoption is permitted, and amendments should be applied on a retrospective basis. API has adopted the standard on a retrospective basis, and the adoption of this guidance did not have a material impact on its financial statements.

API has determined that there are no other recently issued accounting standards that will have a material impact on its financial statements.
