

Still-Deciding Students®

Still-Deciding Students® at Drexel

Many highly motivated students complete high school while still weighing a number of options for their choice of college major or career field. That's natural. Still-Deciding Students® are welcome at Drexel and are well served by the University's strong emphasis on career preparation. "Still-Deciding" means that you're still choosing among areas of study or that you've narrowed down your interest to an area, but aren't sure which career field you want to focus on.

Drexel's individual colleges offer special programs that can help you to identify the discipline that suits you best. Students interested in a broad range of areas are encouraged to enroll initially in the College of Arts and Sciences — in the first year, the most important studies are the liberal arts requirements. Students interested in engineering, science, or the health sciences should indicate this preference at the application stage, because potential engineering, science, and health science students need to enroll in certain first-year classes.

Drexel Co-op: Knowledge At Work

Classroom learning, research, projects, papers, and exams are all critical to academic pursuits, but it will take experience in your field to set you apart from other graduates. Through Drexel's co-operative education program, you can mix periods of full-time employment with your studies. Drexel Co-op can be of great benefit to students who have not yet declared a major. A full-time work experience can help Still-Deciding Students® to decide on a specialty. Plus, the process of preparing a résumé, researching job options, and interviewing for co-op positions is a great learning experience.

Financial Aid and Scholarships

Your education is an important investment. At Drexel we are committed to providing you with information and resources to help you with the cost of a college education. The first step toward receiving financial aid is to complete the Free Application for Federal Student Aid (FAFSA) available online at www.fafsa.ed.gov beginning January 1. Students starting college the following fall should submit it by March 1 for maximum financial aid consideration. Drexel uses the information provided on the FAFSA to award need-based grants and scholarships.

For specific information about loan programs, grants, and scholarships, call 1-877-DREXEL-5 to speak with a representative from EdFinancial Services. EdFinancial Services provides a call center with trained staff to answer questions about paying for a college education. The staff at the call center are not Drexel employees but are employed by EdFinancial Services. They are required to give all students independent, expert advice about paying for a college education.

To learn more about financing options, visit www.drexel.edu/financialaid. To contact a representative from Drexel's Student Resource Center/Financial Aid office, visit <http://ask.drexel.edu>.

Visit Us

The best way to learn about Drexel is to visit campus. We offer a variety of convenient options. For more information on the programs below or to receive a schedule of upcoming events, visit www.drexel.edu/em/ug/visit or call 1-800-2-DREXEL (1-215-895-2400 for international students).

- **Open Houses:** If you want to explore everything Drexel has to offer (all in one day), attend an Open House. Held on weekends in the fall and spring, Open Houses are large-scale campus events that offer information about academics, Drexel Co-op, student activities, and campus life.
- **Experience Drexel Days:** Offered throughout the year, Experience Drexel Days are ideal if you want a broad overview of Drexel's offerings. Experience Drexel Days are half-day programs to provide you with a glimpse of life at Drexel, informative sessions, tours of campus, and an academic fair.
- **Campus Visit:** Consisting of an Information Session and a student-guided tour, Campus Visits are perfect if you want a more intimate introduction to Drexel. Campus Visits are offered on weekday mornings and afternoons and on Saturday mornings.

Apply

Apply to Drexel University online at www.drexel.edu/apply. The application fee is waived for students who apply online or during a campus visit.
