**I just wanted to take a moment to thank you and your team for such a great conference! I am the Vice President of the Board for the Assessment Network of New York. We plan an annual conference each year. I serve on the planning committee each year and two years ago, we hosted the conference at my home institution, Mercy College. I know what goes into planning and executing an event of this magnitude and it is not easy. I am extremely appreciative to you and your team for such a well-planned, well-executed, and enjoyable conference. You can tell that you and your team worked really hard on this event – from shuttles to food to events to the conference program. I look forward to returning next year. Thank you again and please extend my thanks to your team. Bravo my colleague. Bravo!**

**I want to take a moment to thank you and your team for pulling together a successful conference. You (and your team's) thoughtfulness, dedication, and support to the participants' understanding of assessment practices was wonderful. This was my first time attending this regional conference and it was a great opportunity for me (and my co-presenters) to share our faculty experience related to assessment and accreditation within the contexts of historically Black colleges and universities. Thank you for your efforts and I look forward to participating in this conference in the future.**

**I attended the Assessment Conference at Drexel last week as part of my professional development as a new member of the team at Campus Labs. I've been to many conferences over the years and I thought the Drexel conference was outstanding- the speakers were compelling, the sessions I attended were very informative and the facilities were first-rate, not to mention the food throughout the day. Thanks and kudos to the team at Drexel!**

*Cathy Fowler  
Senior Director, Campus Relations
