

GRADUATE PLAN OF STUDY FOR MASTER'S STUDENTS IN BIOMEDICAL ENGINEERING

School of Biomedical Engineering, Science and Health Systems

To be submitted by the end of the second term in school. This plan may be subsequently revised pending approval of the thesis advisor and the graduate advisor.

Name (please print)		Student Number
Email		Phone Number
() Thesis (minimum 39 course credits); 45 credits total)	() Non-Thesis 51 credits	Expected Graduation

SIGNATURES

Student		Date
Advisor(s)		Date
		Date
Graduate Advisor		Date

Required Core Courses (18+9=27 credits)

Please enter the proposed terms. The student's advisor and the graduate advisor must approve all waived courses.

If a course is waived, the student's **Advisor** must enter his/her initials in the waived column.

	Course ID	Title	Credits	Term/Yr Taken	Comments
FALL					
	BMES 672	Biosimulation I	3		
	BMES 501	Medical Sciences I	3		
			3		Select from BMES courses offered
	BMES 864	Seminar	0		
WINTER					
	BMES 502	Medical Sciences II	3		
	BMES 673	Biosimulation II	3		
			3		Select from BMES courses offered
	BMES 864	Seminar	0		
SPRING					
	BMES 503	Medical Sciences III	3		
			3		Select from BMES courses offered
			3		Select from BMES courses offered
	BMES 864	Seminar	0		

Additional BMES Courses (12-13 credits)

Select three of the BMES courses offered during the relevant term **IN ADDITION TO THOSE LISTED ABOVE**.

9 BMES credits is the minimum required. Every biomedical engineering student is required to register for four classes designed to introduce the student to the breadth of opportunities available at the School.

	BMES					

Please consider all BMES including the BMES 680 courses offered during the relevant term/year.

The sum of electives, core credits, and/or thesis credits must total 45 and 51 for thesis and non-thesis respectively. List the electives, credits, and proposed terms in the table below. In this category you may elect either additional BMES courses or graduate courses offered by other departments

*Enter the number of credits and corresponding terms. This section totaling **6 credits combined** is the maximum that will count toward your M.S. degree. Students who select the thesis option may elect to take 45 course credits instead of the combination of 45 course- research/thesis credits.*

*The student's advisor and the graduate advisor must approve all course substitutions. The student's **Advisor** must enter his/her initials in the last column.*

Deficiencies and/or substitutions must be explained below.
