

UNIVERSITY HOUSING REDEFINED

It is the mission of Drexel University to provide a safe, clean and comfortable living environment that is an essential part of a student's social and educational experience and contributes to the student's growth as a member of the University community and beyond.

To facilitate that experience, full-time undergraduate students who live approximately outside of a 10-mile radius are required to live in a Drexel residence hall, University-Approved or University-Affiliated housing for their first and second years. First Year (freshmen) students must live in a Drexel residence hall; Second Year (sophomore) students may live in a Drexel residence hall, Drexel fraternity or sorority house, University-Approved or University-Affiliated housing.

The 10-mile radius is defined by the student's permanent mailing address using their zip code. Drexel University recognizes the zip codes listed as the 10-mile radius.
