2014-2015 FEDERAL LOAN ADJUSTMENT REQUEST FORM

This form is to be used to either fully decline or to reduce the amount of federal loans offered to a student for the 2014-2015 academic year. This form can only be used to adjust loans that have not yet paid to your account or that have paid within 30 days; any loan disbursement paid to your account more than 30 days prior will not be adjusted. Additionally, if you are requesting to adjust loan funding that was refunded to you, you may need to return part or all of the refund to Drexel to avoid having a balance created on your account.

Last Name: _____ First Name: _____ Drexel ID: _____

Section A: Declining Loans

If you wish to decline the full amount of a federal loan or loans offered to you, please check the applicable boxes below:

Perkins Loan

Direct Subsidized Loan

Direct Unsubsidized Loan

Parent/Graduate PLUS Loan (If declining a Parent PLUS Loan, the parent must also sign this form.)

Section B: Reducing Loans

If you wish to reduce the amount of a federal loan or loans offered to you, please complete the section below only for the loan(s) you would like adjusted.

Please note that federal loans are disbursed evenly over the course of your scheduled enrollment for an academic year. You are able to reduce the amount of a loan on a quarter-by-quarter basis, but you cannot have any reduced amount re-allocated to a different term.

In the chart below, please indicate the FINAL desired amount you prefer to receive from your loan(s) for each academic term. TOTAL all disbursements and indicate the new annual amount of the loan(s) for the academic year. If your request amount is zero for a term, please write \$0.

All federal loans (with the exception of the Perkins Loan) have origination fees that impact the amount of loan that pays to your account. Please note that origination fees will be incorporated in addition to your requested loan amount. You can find information about origination fees at the [Drexel Central Student Loans website](#).
