Preferred Provider Organization
If an Insured Person uses a Network Provider, the Policy will pay the Coinsurance percentage of the PPO Allowance shown in the Schedule of Benefits for Covered Medical Expenses.

If a Non-Network Provider is used, the Policy will pay the percentage of the Usual and Reasonable Covered Medical Expense shown in the Schedule of Benefits. The difference between the provider fee and the Coinsurance amount paid by Us will be the responsibility of the Insured Person.

Note however, that We will pay at the PPO Allowance level for treatment by a Non-Network Provider if:
1. There is no Network Provider available to treat the Insured Person for a specific Covered Injury or Covered Sickness; or
2. There is an Emergency Medical Condition and the Insured Person cannot reasonably reach a network Provider. This benefit will continue to be paid for the Emergency Services until the Insured Person can reasonably be expected to safely transfer to a Network Provider. If the transfer does not occur at that time, benefits will then be reduced and paid at the lower percentage applicable to a Non-Network Provider.

An Insured Person should be aware that Network Provider Hospitals may be staffed with Non-Network Providers. Receiving services from a Network Provider does not guarantee that all charges will be paid at the Network Provider level of benefits. It is important that the Insured Person verify that his or her Physicians are Network Providers each time he or she calls for an appointment or at the time of service.

**SCHEDULE OF BENEFITS**

**Benefit Period:** When an Insured Person receives initial medical treatment within 30 days of the occurrence of a Covered Injury or at the onset of a Covered Sickness, eligible benefits will be provided for a continuous Benefit Period. The Benefit Period begins:

2. From the first day of treatment of a Covered Sickness. The Benefit Period terminates at the end of the Policy Term (+ Extension of Benefits when appropriate).
