EDUC 775

Feedback Form

The Graduate Studies Office requests that you take a few moments to complete this feedback form on your participation in TA Orientation and the EDUC 775 course. Your comments will greatly assist us in future planning. You can e-mail the completed form to Professor Alexis Finger (fingerag@drexel.edu) or if you prefer to keep your responses anonymous, please print the form’s completed version and bring it to Taz Kwok in Randell 240 or send it to him via campus mail. Thanks.

1. In your opinion, what were the most beneficial aspects of the whole program? Please comment on whether you believe it has made you a better TA, made you more aware of the university’s teaching resources and your role in educating undergraduates, etc.

2. What improvements, deletions, or additions would you like to see in future offerings of the Orientation and the course? Please comment on the Orientation program, the course structure and topics, the faculty who participated, the set-up, etc.
3. Do you have any additional comments or suggestions?

Thanks for the feedback!
