**Understanding Web-Based EPAFs**

**General Information**
An Electronic Personnel Action Form (EPAF) processes the same information as a paper PAF. EPAFs can currently be used to process appointments for new and rehires in the following approval categories:

- Bi-Weekly Student Employees

**Additional Assistance**
In addition to the information in this manual, there is help built into DrexelOne. Simply select Bannerweb Help in the upper right corner to see a basic description of what is currently on the screen.

**Additional Assistance Visual Aid**

Select here for additional help.
**Setting up Default Routing**

Once default routing is set up for a particular category, you will not have to set routing up for each individual EPAF within that category.

**Step 1:** Log in to DrexelOne (http://one.drexel.edu/cp/home/loginf).

**Step 2:** Select Employees tab.

**Step 3:** Under Payroll section, select More BannerWeb Employee Services.

**Step 4:** Select Electronic Personnel Action Forms.

**Step 5:** Select EPAF Originator Summary.

**Step 6:** Select Default Routing Queue.

**Step 7:** From the Approval Category drop down menu, select the type of employee that you want to set up in your routing for. Select Go.

**Step 8:** Set up the routing levels. There are pre-set approval levels and required actions that correspond to each individual Approval Category, which will default into the routing fields when you select the Approval Category and select Go. Simply input the User ID for the appropriate levels if you would like to use the default levels. If you would like to add approvers to the default levels, please use the following steps:

  **Sub Step 1:** Select the user level for the appropriate level of the routing.
  **Sub Step 2:** Enter User ID for approval levels under the User Name field. If you don’t know the User Names for your approvers, use the magnifying glass to search for them.
  **Sub Step 3:** Select drop down menu under Required Action to change these defaults.

  **Grant funded positions must include PI and GRANTS in the routing.** The following are standard approval levels for routing:

</tr>
<tr>
<td>DEPBUD</td>
<td>Approve</td>
</tr>
<tr>
<td>HUMRES</td>
<td>Approve</td>
</tr>
<tr>
<td>HRADMIN</td>
<td>Apply</td>
</tr>
</tbody>
</table>

**Step 9:** When finished entering approvers, select Save and Add New Rows. If the employee is not research funded, you can exit the screen.

**Step 10:** Repeat for as many employee types as necessary.
