

JOIN US FOR A CONVERSATION ON America's Energy Roadmap

■ **Dr. Kristina Johnson**

Former Undersecretary of the DOE,
CEO of Enduring Hydro

OCTOBER 21, 2014

1:00 PM

PAUL PECK ALUMNI CENTER

32nd & Market Street
Philadelphia, PA 19104

IEXE SPEAKER SERIES

Join us for a conversation between Dean Joseph Hughes and Dr. Kristina Johnson about how the United States can reduce its dependence on imported oil, dramatically reduce greenhouse gas emissions and create an ultra-low carbon electric grid. Dr. Johnson was the former Undersecretary of the Department of Energy in the Obama Administration and currently is the Founder and CEO of Enduring Hydro, which modernizes existing hydropower to improve its environmental performance.
