3. You will be brought to your list of "My Media" in Drexel Streams. This list will be filtered to only display Video Quizzes you have created (standard videos will not display). Select a Video Quiz

from your My Media by clicking the **</> Embed** button to the right of the Video Quiz title and thumbnail.

5. Be sure to click **Submit** at the bottom right once you are finished. It is also important to note that this is the **only correct way** to embed a Kaltura Video Quiz in your Blackboard courses. While the Text Editor will allow you to pull a Video Quiz into an Item or other object, you will not be able to create a point total, due date, etc. unless you embed your Video Quiz using the exact steps outlined above.
