Description:

“Luminary” is a special status Honors students can achieve through participation in a unique and selective program within the Honors Program. A good candidate for the Luminary Program is an Honors student who seeks a specialized, interdisciplinary experience while at Drexel. Luminaries will achieve this experience through the completion of a 24-credit Honors Luminary Plan of Study, enhanced by co-curricular activities, and culminating in completion of the Honors Luminary Capstone course in their Senior year. In acknowledgement of their achievements, Luminaries will receive special recognition during the Honors Program Medallions Ceremony, preceding their university graduation.

Section 1. Luminaries are students who see value in interdisciplinary education as a way to achieve their personal and academic goals. With that in mind, please answer the following questions within the word count and include them as attachments with your application:

Question 1 (max 500 words)

Provide a vision statement for yourself, both at Drexel and beyond, and explain how being an Honors Luminary will help you to achieve that vision. Specifically, what aspects of the Luminary program do you find most interesting, and why?

Question 2 (max 250 words)

In a broader sense, what does being a Luminary mean to you? How might the program help you to contribute to the world?

Question 3 (max 250 words)

What strengths and experiences do you bring to the Luminary program that can lead you to further success, and conversely, what areas of your academic and personal life might the Luminary program strengthen?

Section 2. Please answer the following questions with a “yes” or “no” and provide additional information where necessary.

1. Are there any restrictions that would prevent you from travelling internationally from the United States? If yes, indicate the restriction.

Yes No

2. Will you be available for international travel during the break between Summer term 2016-17, if you are a Sophomore, or Summer term 2017-18, if you are a Freshmen? If no, explain why not.

Yes No

3. Are there any restrictions/requirements that would prevent you from taking a 12-credit Honors term in either the Summer term of 2016-2017, if you are a Sophomore, or Summer term 2017-18, if you are a Freshmen? If yes, indicate the restriction.

(Please note that you would need special permission from your Luminary advisor to take any additional courses outside of the Honors Term. If there is a course you absolutely need to take during that term, please include it here - course name/number and explain why this is the only term you can take it.)

Yes No

Section 3. Please indicate activities, events, or programs where you have been involved in the Honors Program and/or the Pennoni Honors College. Examples include, attending an Honors-Millennium Hall event, Honors Lunch and Learn or TED lunch event, or a cultural event through Ticket Tuesday; taking an Honors colloquium or a Symposium course; participating in the Honors Alternative Spring Break trip; or becoming a STAR Scholar.

Section 4. With your application, please provide your individualized major plan of study. If you do not have one, please provide the general plan of study for your major. **Your individualized major plan should be attached and sent as a separate document.**

Section 5. Please provide the names and contact information of both a Drexel faculty member with whom you have taken a course and Drexel staff member who can speak to your qualities outside the classroom. Both references will be contacted around the time of your interview and asked for insight regarding your intellect, work ethic, character, and other personal attributes.
