MANAGEMENT INFORMATION SYSTEMS

The Management Information Systems (MIS) Major Program involves the managing of people and systems related to information technology. The goal of the MIS concentration is to integrate both areas of expertise and apply the power of technology to solving business problems.

The MIS concentration prepares students for a variety of opportunities in the information technology field and business. These opportunities include careers as managers of computer service units or staff members supporting computer-using organizations. The program focuses on a mix of applied computer systems content, interpersonal interaction, and a practical business orientation which produces graduates who bridge the gap between technical knowledge and business functions.

Employerswho have hired Drexel students include:
Bristol Myers Squibb Company
Fannie Mae
GlaxoSmithKline
Independence Blue Cross
Johnson & Johnson
PriceWaterhouseCoopers
SAP America
Siemens
Unisys
University of Pennsylvania

Students wanting specific information about the concentration are encouraged to stop by the department office in the Academic Building, room 308, call the department at 215-895-2143, or visit their website at www.lebow.drexel.edu/Faculty/Departments/Management/index.php.
