

BUSINESS AND ENTREPRENEURSHIP

AT DREXEL UNIVERSITY

DREXEL UNIVERSITY
PHILADELPHIA, PA

Because Innovation Can't Wait

A NOTE FROM OUR DEAN OF UNDERGRADUATE ADMISSIONS

Are you focused on developing as a leader? Do you have an interest in using business skills along with entrepreneurial thought and action to transform the world? If so, the business, entrepreneurship, and management programs at Drexel University might be right for you. A Drexel education will give you a distinctive edge over your peers in these competitive and adventurous industries.

Drexel is a premier global R-1 level research institution that has been preparing students through practical and experiential education for over 125 years. Our innovative model of learning pairs world-class academics with real-world experience, uniquely preparing students to thrive and excel in their fields.

Having served as a successful blueprint of career training since 1919, our cooperative education program (known as co-op) provides students with the opportunity for professional work before graduation. Drexel Dragons experience their chosen industries with the leaders of today and gain the necessary firsthand knowledge to become the leaders of tomorrow. Students leave our doors on graduation day with a full understanding of the path they have chosen.

This is a place that will allow you to develop your skills and encourage you to use them for the greater good. Utilizing academic and volunteer-based partnerships with our community, our students are among the most engaged students in the nation. They are not only making an impact on campus but also in the city of Philadelphia and around the world through academics, service, and leadership.

At Drexel, you can make your mark on the world. I encourage you to explore our business, entrepreneurship, and management programs – along with everything else this great University has to offer you.

Sincerely,

Michael J. Keaton
Dean of Undergraduate Admissions

32nd and Market streets, Philadelphia

01 BUSINESS

Society needs organizers, thoughtful leaders, and communicators to drive the global marketplace. Without effective business innovation, we would not have the improved quality of life that we enjoy today. Behind the creation of people's favorite brands and products are the talented individuals making decisions and taking risks. Whether your interest lies in human resources, marketing, or corporate finance, a Drexel education will position you for success in this highly competitive field.

Business professionals strive to meet and anticipate the needs of an ever-evolving market. From day one at Drexel, you'll be immersed in constructive coursework that emphasizes analytic thinking and hands-on learning. Through diverse experiences and unique opportunities that incorporate data analysis, creative testing, and strategic execution, you'll develop practical leadership and team-building skills as you choose your path. Our cooperative education system will blend your classwork with firsthand experience, placing you side by side with industry professionals as you explore the interconnection of business, culture, and society — all before you graduate.

By the time you receive your degree, you'll have gained unmatched experience that will set you ahead of the curve. Through Drexel's business programs, you can use your newfound skills to make an impact in the world around you. Learn more about our business programs at drexel.edu/academics.

ENTREPRENEURSHIP

Baiada Institute for Entrepreneurship

21st-century marketplaces are evolving at an astonishing pace. They demand innovative new businesses that can adapt to the emergence of new technologies, shifting consumer habits, and global upheavals. Established companies must be open to rethinking old practices and breaking free of the status quo in order to stay competitive. At Drexel, your creative skills and ingenuity will be honed and refined so that you can develop the new solutions that will meet the needs of tomorrow.

The world needs entrepreneurs and entrepreneurial thinkers — innovators who create new ventures, clear pathways for new ideas, and exercise daring and resilience in the face of obstacles. The entrepreneurial programs offered by the Charles D. Close School of Entrepreneurship — including a 3-year bachelor's option — teaches an entrepreneurial mindset, along with the business skills and methods to start new ventures and initiatives in organizational settings. Required academic minors that foster specialization means that whether you want to launch your own business, help businesses find innovative solutions, or ideate ways to address social issues, an entrepreneurial degree from Drexel will provide you with the building blocks and experience to succeed.

To encourage this entrepreneurial spirit within our student body, the Close School, in collaboration with the Steinbright Career Development Center, offers to all Drexel undergraduate students the chance to use their personal start-up company for their co-op experience. Students who qualify for this opportunity receive \$15,000 in support of their ventures. Learn more about our entrepreneurship program at drexel.edu/academics.

MANAGEMENT

Inventors, marketers, and sales representatives rely on a structured system to direct their focus. Effective organization requires leadership and strategic planning that is crucial for Fortune 500 companies, nonprofits, and startups to enhance and support the success of their efforts.

Whether your goal is to manage commercial real estate properties, improve the efficiency of a global supply chain, or bring order to the functionality behind hotel operations, Drexel allows you to strengthen and apply your classroom learning with mentorship from top management professionals and leaders in your field. Our unique curriculum prepares you for your future through case study competitions, business simulations, international travel, networking events, and student organization leadership.

This combination of traditional learning and hands-on experience will not only prepare you to excel after graduation but will allow you to cultivate your ability to lead. Learn more about our management programs at drexel.edu/academics.

COLLEGES

LEBOW COLLEGE OF BUSINESS

LeBow, which houses the School of Economics, offers dynamic academic programs informed by our long history of industry partnerships and guided by renowned faculty experts. Students tackle real-world business problems in the classroom and in hands-on learning opportunities through Drexel’s renowned cooperative education program (co-op), consulting projects, international residencies, case competitions and more. LeBow students across all programs receive support from dedicated academic and career advising staff and connect with industry leaders through events, site visits, mentoring, and more.

SCHOOL OF ECONOMICS

The School of Economics is home to leading faculty scholars who are dedicated to teaching and mentoring their students. In addition to gaining a framework for understanding the world, key tools of analysis, and critical decision-making skills, our students find a highly flexible curriculum and robust hands-on learning experiences that position them to address pressing social issues, solve business problems, or shape public policy. Students can now further specialize their studies through our new, interdisciplinary degree options in areas related to behavioral science, business, data science, math, and public health.

COLLEGE OF ENGINEERING

The College of Engineering continues its long tradition of education that brings the theoretical into real-world application. The academically comprehensive, globally engaged institution prepares students to engineer change and lead in fields like architectural, civil, computer and cybersecurity, mechanical, materials science, chemical engineering, and more. Through practical experience, and knowledge gained from renowned faculty who engage in novel research and teach the foundations of engineering and courses in emerging subjects, students connect to the world around them and to the exciting advances that aim to solve society’s greatest challenges.

CHARLES D. CLOSE SCHOOL OF ENTREPRENEURSHIP

The Close School has pioneered an approach to entrepreneurship education that teaches students to be entrepreneurial thinkers and doers. At the Close School, entrepreneurship is more than starting a company; entrepreneurship is a habit of mind, a skill set applicable in personal and career contexts. The Close School prepares students for the 21st-century workforce, which will include experiences in new ventures, self-employment, corporate innovation, and the development of impactful social enterprises.

WESTPHAL COLLEGE OF MEDIA ARTS & DESIGN

With top ranked programs, Westphal prepares students to succeed in highly competitive art, design, and media fields. Students at Westphal are encouraged to collaborate across disciplines within the College and with other units at Drexel to produce innovative, creative work and scholarship, and to be entrepreneurial. Programs are largely studio-based with an emphasis on practical application of design and media-making skills, business acumen, and creative problem solving.

COLLEGE OF NURSING AND HEALTH PROFESSIONS

The Drexel University College of Nursing and Health Professions (CNHP) is a vibrant and values-driven educational community which prepares students to become successful professionals who excel in a rapidly changing environment. Students build strong professional foundations as they engage in hands-on experiential learning, and through mentorship of expert faculty and experienced leaders. At CNHP, our students aren’t content to accept the world as it is. They are people of purpose who embrace the role of change agent, enlisting in the noble and necessary work of finding innovative, evidence-based solutions to systemic problems such as eliminating health disparities. And they understand that solving the problems we face in our nation and world today require bringing together people from across different disciplines, with different experiences, expertise, and perspectives. It will take a team-based collaborative approach—one of the hallmarks of a CNHP education.

LEBOW COLLEGE OF BUSINESS & SCHOOL OF ECONOMICS

Housed in Gerri C. LeBow Hall on our University City Campus, LeBow and the School of Economics offer a range of experiential opportunities and resources to support student learning. Highlights include:

- **Dornsife Office for Experiential Learning**, which provides students with practical opportunities for project-based learning and an understanding of business problem solving.
- **Center for Business Analytics**, which enables student participation in data-driven industry collaboration and the application of analytics across industries.
- **Institute for Strategic Leadership and the Chapel Leadership Program**, which provide a hands-on approach to understanding leadership trends and behaviors through experiential learning and real-world connections.
- **Trading Lab**, a technology lab with Bloomberg Terminals, allows students to manage a real-world equity portfolio, The Dragon Fund, that oversees \$3 million.

CHARLES D. CLOSE SCHOOL OF ENTREPRENEURSHIP

The Charles D. Close School of Entrepreneurship features many resources to encourage the entrepreneurial spirit. A few highlights include:

- **Baiada Institute for Entrepreneurship**, open to all Drexel students, the Baiada Institute provides the physical space, mentoring, and resources to start a business.
- **Access to Drexel’s Entrepreneurship Alumni Network and Mentors.**
- **Competitions and other events**, such as Startup Fest, which offers speaker panels, mentoring sessions, networking, and competitions.
- **Entrepreneurship Co-op**, a co-op experience open to all Drexel students, where they can earn \$15,000 in funding to run their own business with space in the Baiada Institute and dedicated mentors.

COLLEGE OF ENGINEERING

The College is located on our University City Campus in several buildings across campus with labs and new equipment that prepares students to take on the challenges in industry and research.

- **The Innovation Studio**, a 20,000-square-foot makerspace combining design and fabrication where first-year engineering

FACILITIES & RESOURCES

students begin doing hands-on engineering design from their first term all the way through senior design in their culminating project. Working together, students generate concepts and then take their designs to production via 3D printers, soldering stations, the wood shop, or the Drexel Machine Shop.

- **A.J. Drexel Nanomaterials Institute (DNI)**, the College’s newest lab, is one of the best-equipped in the world for the synthesis, characterization, and electrochemical testing of novel materials, with room for up to 50 researchers. Across the College, research opportunities are widely available to undergraduates through the University’s STAR program, department programs, and faculty research labs.

WESTPHAL COLLEGE OF MEDIA ARTS & DESIGN

Westphal is centrally housed in the award-winning URBN Center, a space that fosters collaboration across disciplines. Highlights of Westphal’s facilities in the URBN Center and other locations on campus include:

- **Hybrid Making Lab**, which gives students access to fabrication equipment — including 3D printers, laser cutters, and CNC routers — in a multidisciplinary production space.
- **Specialized Studios**, which include a motion capture/green screen compositing space, a virtual reality lab, the Entrepreneurial Game Studio, the RePlay Gaming Lab, a high-tech knitting lab, and a student-run television station.
- **Black Box Theater and the Mandell Theater**, flexible state-of-the art performance spaces that host theatrical, dance, and music productions by students and professionals.

COLLEGE OF NURSING AND HEALTH PROFESSIONS

The college will be opening its new state-of-the art facility in 2022. Some of its current resources that reinforce best practices in health care include:

- **Stephen and Sandra Sheller 11th Street Family Health Services at Drexel University**, a health center where nursing, nutrition sciences, behavioral health counseling, health sciences, and health administration students learn from the nurse leaders and clinicians.
- **The Human Anatomy Laboratory**, which provides a unique hands-on learning experience for undergraduate and graduate students taking human anatomy courses.
- **Drexel Food Lab**, a lab space incorporating food analysis that is utilized for upper-level food science coursework.

EXPERIENTIAL LEARNING

In 1891, A.J. Drexel founded this University with the dream to establish an institution that would fully prepare its students to excel in their future careers. To meet his vision, Drexel has developed a model of learning that takes students beyond the typical collegiate experience by combining world-class academics with real-world application. Our students are challenged to apply what they've learned in the classroom by working alongside mentors and industry professionals who push the boundaries of knowledge and achievement.

As a leading research institution, Drexel carries a long and storied history of innovation. Here, you'll not only assist faculty and staff with major projects, but you'll also have the opportunity to take the lead in your own studies — including graduate-level research during your first year — in our state-of-the-art facilities and labs. You will be encouraged to ask important questions and consider how the answers you find impact the world around us.

For over 100 years, our curriculum has also featured our cooperative education program, which enables students to test-drive different careers while learning side by side with the leaders of their respective fields. Through Drexel Co-op, students can build an impressive résumé and gain up to 18 months of professional work experience in the United States and globally at Fortune 500 companies, nonprofits, startups, a variety of governmental agencies, and more. The majority of these positions are full-time and paid, and those that are carry a median six-month salary of over \$19,000. Co-op will allow you to explore your options and narrow down your interests, ensuring you are on a fulfilling career path that meets your needs and expectations. With each experience, you'll gain a unique working perspective that can't be found in any textbook, allowing you to serve as a knowledgeable resource for fellow classmates and professors as well as inform classroom instruction moving forward.

The Steinbright Career Development Center, one of the largest collegiate co-op and career services teams in the world, sets you up for success at Drexel from day one. Whether you're looking for potential co-op employers, research opportunities, or post-graduate endeavors, Steinbright connects you to Drexel's constantly growing network of employers and industry leaders while also building your résumé and interview skills through workshops and information sessions. Our unique combination of world-class career services and dedicated counseling professionals will help guide you to discover your interests and develop your professional tools.

ENHANCED OPPORTUNITIES

At Drexel, learning goes well beyond the traditional classroom. We encourage our students to pursue different opportunities, such as studying abroad, immersing themselves in the local community, and developing their own course of study.

Honors Program: At the Pennoni Honors College, the Honors Program serves as a catalyst for enhanced intellectual exploration. Composed of curious and active learners, this program offers exclusive access to Philadelphia events, advising and mentoring, dedicated housing, and a Living Learning Community, along with specialized opportunities to complete service and develop leadership skills. Honors students in this program are scholastic ambassadors at Drexel, raising their academic experience to the next level.

Civic Engagement: We believe in the importance of giving back to local communities — there are always opportunities to make an impact and serve the community here. Students can get involved on campus through Drexel's Lindy Center for Civic Engagement and the Dornsife Center for Neighborhood Partnerships during community-based learning courses and volunteering for community service. But our impact doesn't stop there; our dedication reaches out globally to improve the world around us.

Study Abroad in Capri, Italy

Custom-Designed Major: The Custom-Designed program is suited for highly motivated students whose interdisciplinary curiosity and ambition cannot be satisfied by a traditional major. This path enables you to pursue an individualized course of study in place of an existing major, either by developing a plan with your advisor or by combining existing majors and minors to match your career goals. As a student in this unique program, you'll be advised by staff from the Pennoni Honors College and mentored by a Drexel faculty member who has expertise in at least one of the areas in your course of study.

Global Opportunities: These options include study abroad, international co-op, and more. All Drexel students can take advantage of study abroad, which enables them to live and learn in another country while immersing themselves in the culture. Using our worldwide connections, students have been able to choose from six continents and 65 countries! International co-op takes study abroad one step further; students not only live in another country but also gain work experience as they test-drive a potential career. Students currently on international co-op are working in over 35 countries.

Independence Hall, Philadelphia

A CONNECTED COMMUNITY

Philadelphia, Pennsylvania, is a revolutionary town founded on revolutionary thinking — much like the ambition Drexel students have for influencing change in the world. As the sixth largest city in the United States, the City of Brotherly Love is an extension of our campus and, as a student here, you'll take full advantage of all it has to offer.

Philly culture is known for being as diverse as its many neighborhoods. From our University City Campus in the hub of Philadelphia's higher-learning community, it's easy to get to the stadiums in South Philly, take in some history in Old City, and enjoy the park in Rittenhouse Square. When you're not in classes, there is plenty to do, no matter how you like to spend your free time. Being in the fourth most walkable city in the country according to Walk Score has its perks: concerts, performances, restaurants, and athletic events are all easy to access.

Public transportation is just steps away from campus — it's easy to enjoy an authentic cheesesteak and then visit the famous Philadelphia Museum of Art. You will find that all areas of the city are interconnected by simple means of travel, and getting to historic sites around the city or connecting to various locations across the country is an easy task. Living in Philadelphia provides access to everything from farmers' markets in Lancaster County to ski and snowboarding locations in the Pocono Mountains to the best beaches in the Mid-Atlantic.

The Writers Room

FIRST-YEAR APPLICATION PROCESS

There is no typical Drexel student. Our students are ambitious, curious, complex, and bold. Candidates are selected based on their ability to thrive in our unique academic environment and make contributions to our diverse community. Through a contextual and holistic review process, we carefully consider each applicant, evaluating their personal qualities, academic journey, and intellectual promise.

Application Deadlines

EARLY DECISION NOVEMBER 1
Early Decision is the perfect option for students who know Drexel is the number one school for them. This is a binding admission plan; if admitted, students must withdraw all other active applications and commit to enrolling at Drexel.

EARLY ACTION NOVEMBER 1
Early Action means that students can apply by an earlier deadline to receive an admission decision sooner than students who apply Regular Decision. Early Action admission is not binding.

REGULAR DECISION JANUARY 15
Through the Regular Decision application process, students will receive a decision in early spring.

Submitting Your Application

First-year student applications are accepted through either the Common Application or the Coalition Application.
drexel.edu/undergrad/apply

Standardized Test Scores

Drexel University is Test-Optional for students applying for fall 2022 and 2023. For non-native English speakers, there may be additional testing requirements.
drexel.edu/undergrad/apply/tests

Financial Aid

Financial aid is available to domestic and international students in the form of merit scholarships and need-based grants. There are a few applications you should learn about to maximize the financial aid you are eligible for, such as the Free Application for Federal Student Aid (FAFSA) and CSS Profile.
drexel.edu/undergrad/financing

TRANSFER APPLICATION PROCESS

There are many reasons you may consider transferring to Drexel; as you make your transition, we'll be here to help you every step of the way. Drexel has a vibrant and active transfer community. Qualified applications are considered on a rolling basis through all terms. Applications must be received one month prior to the start of the term for which you are applying.

Application Deadlines

STARTING TERM	APPLICATION REVIEW BEGINS IN
Fall (September)	December
Winter (January)*	October
Spring (Late March/Early April)*	November

*Not all majors enroll in our off-terms

Priority Deadlines

STARTING TERM	DEADLINE
Fall (September)	APRIL 15
Winter (January)*	NOVEMBER 15
Spring (Late March/Early April)*	FEBRUARY 15

*Not all majors enroll in our off-terms

There may be other deadlines for international students. Please visit **drexel.edu/undergrad/apply/deadlines** for more information.

Submitting Your Application

Transfer students may submit applications through the Common Application or Drexel University's Admission Application.
drexel.edu/undergrad/apply/transfer

Financial Aid

Drexel offers competitive financial aid opportunities for transfer applicants. While students will be reviewed for scholarships during the admissions review process, we highly recommend filing the Free Application for Federal Student Aid (FAFSA) and CSS Profile as soon as possible to maximize their eligibility for support. **drexel.edu/undergrad/financing**

VISIT OPPORTUNITIES

There are many different ways to visit Drexel University throughout the year, both on campus and virtual, including Information Sessions and Tours, Open Houses, Transfer Tuesday and Thursday events, and more. Whether you'd like to learn about restaurants in the area, what to do in University City, or even the best places to hear some local music, you can see it all by visiting us in Philadelphia — or through our virtual tours.
