You need a place that will challenge you from day one. You’re looking for more than just textbooks and lectures — you want an environment that will allow you to channel your passion and drive to rise to new heights. At Drexel, that’s just what you’ll find.

Here, you can expect an educational experience that will fully prepare you to engage with and excel in the world around you. You’ll get started right away, taking courses in your major from the moment you arrive — not waiting until your sophomore or junior year. Your classes will combine academics with hands-on learning, providing the opportunity to work side-by-side with professors, gain valuable experience in research, make an impact within the community, and so much more.

Drexel believes in combining theory with practice. Our renowned cooperative education program allows you to take what you’ve learned in class and apply it to real-world scenarios. Available to almost all majors and areas of study, these co-ops are unlike any internship; they allow you to explore different careers before graduation with companies that range from global organizations to local startups. And when you return to class, you’ll be able to share your experiences with your classmates and professors.

We all know college is not always serious business. Sure, you will be working hard on the tasks at hand, but there is plenty to experience outside of the classroom. As a Drexel student, there is always time to enjoy your interests, make lifelong friends, and explore the city of Philadelphia.

At Drexel, you can make a difference in the world today. We know your ambition can’t wait, so let’s get started.
ACADEMICS

INDIVIDUALIZED PATHS FOR EVERY INTEREST
I chose Drexel because of all the opportunities it has to offer. My interests range from engineering and math to the arts. Drexel had the perfect major that combined all of those interests: product design. I couldn’t be happier here at Drexel.

Academics

At Drexel, you'll have an individualized academic experience that will prepare you for success. Our students choose from multidisciplinary academic paths, including over 80 majors, just as many minors, and over 20 accelerated degree programs. You’ll begin with preparatory classes such as University 101, COOP 101, and CIVC 101 to help you hit the ground running.

At Drexel, learning is not confined to classrooms and lecture halls. Whether you’re in an advanced lab, hands on in the field, or gaining inspiration from the world around you, you’ll learn from industry experts who can assist you in pursuing your goals. Our unique academic model, which includes our cooperative education program, allows students to learn in different ways and to be influenced by the new knowledge they gain each day. With each experience, you’ll develop fresh insights to share with your classmates, along with a real-world perspective that can’t be found in any textbook.

As a major research institution, Drexel has exceptional resources and opportunities so you won’t have to wait to make a difference. Students use 3D printing to search for the cure for cancer, start their own companies, shadow surgeries in Hahnemann Hospital, and redefine modern cuisine in our Academic Bistro.

Learn more about our academics at drexel.edu/undergrad/academics.

What if you could test drive your career before you graduate?

Since 1919, our renowned cooperative education program has prepared our students for the future. Drexel Co-op provides professional employment experience for most majors and disciplines, giving you the opportunity to explore and build a career before you enter the workforce.

The Steinbright Career Development Center, one of the largest collegiate teams of co-op and career services in the world, will provide the support you need every step of the way. You’ll first begin with our COOP 101 course, which readies you for co-op and helps you develop career planning and job skills. As early as sophomore year, you can then begin to supplement your classroom education with up to three six-month-long co-ops.

While on co-op, you can work at organizations as diverse as Fortune 500 companies, tech startups, nonprofits, and more — in the United States and around the world. When you return to classes, you’ll be ready to take on all challenges, applying your newfound knowledge to your courses and engaging in enriching conversations with your classmates with a real-world perspective that can’t be found in any textbook.

Steinbright also provides career counselors who will assist in all aspects of career development, advanced methods of interviewing skills, professional networking, and more. Upon graduation, you’ll have a full résumé with a variety of experience and have developed your own vast network of professionals.

Learn more about cooperative education at drexel.edu/difference/co-op.
I had my last co-op at Microsoft, and at the end of my co-op, I was offered a full-time job as a software engineer. Then, I got another offer from Google. After considering both offers that I had, I decided to go with the offer from Google.

RANKED 72ND AMONG WORLDWIDE ACADEMIC INSTITUTIONS FOR PATENTS
Since our early beginnings, Drexel has always emphasized the importance of intellectual curiosity. We encourage our students to ask the important questions and find the answers. If you are driven to go further and discover more about the world around you, Drexel is the right place for you.

Our facilities and courses are designed with students like you in mind. From state-of-the-art labs to our unique Expressive and Creative Interaction Technologies (ExCITe) Center, an incubator for multidisciplinary research activities in new and emerging areas, students can learn from their peers as well as their research mentors.

As you’re considering colleges, you may be interested in the Students Tackling Advanced Research (STAR) Scholars Program. In this 10-week program, students conduct a faculty-mentored research or creative project in the summer of their freshman year. STAR concludes with student presentations, and many then present their work at local, regional, and national conferences. Their work has also been published in major research journals.

Learn more about Drexel’s research at drexel.edu/difference/research.

“To see that Drexel has a program where it takes freshmen and really pairs them with research mentors and gets them hands-on experience is really amazing. During my co-op, I’ll be focused on wearable technology and incorporating energy storage into smart textiles.”

People may say they have the entrepreneurial spirit, but our students have more than just spirit. Some come to Drexel with companies of their own, others create startups while in school, and many proceed to run businesses after graduation.

The Close School of Entrepreneurship is the nation’s first freestanding school of entrepreneurship to offer degrees. Even if you’re interested in other majors, Drexel has infused entrepreneurial thinking and application into the curriculum of courses across all disciplines.

As you’ve learned, cooperative education is at the core of Drexel University. Entrepreneurship co-ops encourage students to take the lead. These co-ops are granted to students who have established an ongoing business. Co-op students receive $15,000 in funding, mentorships, and a dedicated workspace in the Baiada Institute for Entrepreneurship.

Learn more about entrepreneurship at drexel.edu/difference/entrepreneurship.

$15,000 IN STARTUP FUNDING FOR ENTREPRENEURSHIP CO-OPS
All Drexel students, regardless of their major and co-op schedule, can study abroad. When you’re preparing to attend college, know that there’s even more to the college experience than what you might first think.

Imagine living and learning abroad, immersed in an entirely different culture. You’ll not only gain a broadened perspective and earn course credit, but also deepen your understanding of yourself and how our cross-cultural relationships can affect the global issues that face our society.

From Australia to Argentina, Israel to South Korea, the possibilities are endless; it’s up to you to define your experience.

Learn more about studying abroad at drexel.edu/studyabroad.
Drexel is committed to becoming the most civically engaged university in the nation. We hold a strong connection and a deep commitment to the community around us that extends across the city and around the globe.

Each Drexel student is introduced to the concepts, methods, and skills required for effective engagement through our CIVC 101 course. Presented by the Lindy Center for Civic Engagement, this introductory course immerses students as active participants, providing the opportunity to see first-hand the benefits of public service as they collaborate with neighborhood philanthropic organizations and nonprofits.

The Lindy Center partners with leaders on local, national, and international levels to present additional volunteer initiatives and community-based learning courses that address a wide variety of areas of public good and social responsibility, including education, health care, and community advocacy. Through these experiences, our Dragons develop as engaged citizens equipped to make a meaningful impact within their home and throughout the world.

PHILADELPHIA

REVOLUTIONARY TOWN
REVOLUTIONARY THINKING
PHILADELPHIA

Since our founding in 1891, Drexel has been proud to call Philadelphia home. It’s a place where history was made: This is where the Founding Fathers of the United States outlined the Declaration of Independence, drafted the Constitution, and forged American Democracy. Philly is a no-nonsense, revolutionary town, and Drexel students embody that. We refer to the city as our extended campus, where students can explore, learn, and take advantage of all it has to offer.

There is a lot to see, do, and appreciate here. Philly is a bustling cosmopolitan city composed of quaint neighborhoods, where each one is different from the rest. In one, you may be able to enjoy some of Philadelphia’s famous museums; in others, you can try some of the best local standards like the Philly cheesesteak; and a few blocks away you’ll see and hear local artists and musicians who have made Philly their home. Our part of town, known as University City, is recognized as the heart of the city’s higher learning community.

The City of Brotherly Love is also home to professional and collegiate teams in all the major sports. We have such close relationships with these teams that we are the only university to regularly hold our Commencement ceremonies at the Phillies’ Citizens Bank Park.

As the fifth most walkable city in the country according to Redfin’s Walk Score, everything that Philly has to offer is within easy reach. And if you don’t feel like walking, Philadelphia’s public transportation system can get you there. Drexel is blocks away from 30th Street Station, a transportation hub with access to regional trains and Amtrak. Drexel also provides the free Dragon Shuttle, which has routes into Center City and all three Drexel campuses.

Learn more about Philly at drexel.edu/difference/city-living.

There are a lot of mentoring opportunities at Drexel. In my sophomore year, I was a peer leader to a freshman class of University 101 students where we taught them all the basics they needed to know about Drexel, their major, and basically life on campus. It was helpful for me to be mentored by my peer leader and interesting being a peer leader for new freshmen.

THE DEPARTMENT OF PUBLIC SAFETY RANKED #4 NATIONALLY IN 2015
Whether you’re living on campus or commuting to school, there is a lot to experience at Drexel outside of classes. For those living on campus, our residence halls meet the needs of every student. From suites to College Learning Communities, where you can connect with students who have similar interests, there are plenty of options.

When you’re hanging out, you can enjoy a variety of restaurants and coffee shops and sit outside in Drexel Park or around campus. Interested in seeing a show or concert? We have multiple performing arts spaces right here on campus.

Students transferring to Drexel can choose between our on-campus residence halls and Drexel-affiliated housing options, which offer the opportunity for an off-campus living experience while staying in close proximity to campus. Transfer students opting to commute to class are encouraged to get involved and connect with campus life through our Community Student Association and Campus Engagement Team.

Learn more about campus life at drexel.edu/campus-life.
Drexel Dragons are accomplished scholars, but life isn’t made for just studying and homework. At Drexel, our students are involved with over 400 student clubs and organizations. These groups revolve around academics, hobbies, and more. So, no matter what your interests are, you’ll find something at Drexel. And if you can’t find an organization that’s right for you, we’ll provide the resources to help you start your own.

Also, students in all majors can participate in performing arts and are eligible for performing arts scholarships. There is a broad array of opportunities, including taking classes and private lessons and auditioning for professional-level dance, music, or theater ensembles, which are led by accomplished members of the Philadelphia arts community.

Whether you’d like to get involved with Greek life, want to participate in on-campus performances, or are looking forward to choreographing your own Jedi Knight fight, you can do it all at Drexel.

While Drexel is known for its academic excellence, our students are also star athletes. Our Drexel Dragons are fierce competitors, and they participate in 18 Division I NCAA teams throughout the year. Each year over 450 students play against the nation’s best, and we play to win. Some recent Dragon victories: our crew team won their fifth consecutive overall championship in 2017, our women’s lacrosse team won the Colonial Athletic Association championship in 2014, and our women’s basketball team won the National Invitation Tournament (NIT) in 2013.

If you prefer to cheer on our Drexel Dragons, the DAC Pack is our most school-spirited student organization. Decked out in your best blue and gold, you can root on our teams with your friends and classmates.

Drexel students are always on the move. Whether you play on club and intramural sports teams or use our award-winning athletic facilities, you’re sure to get your adrenaline pumping. More than 2,000 students, faculty, and staff participate in Drexel’s recreational programs. If you’re interested in volleyball, flag football, and even dodgeball, you can join a team and get started.

When you want to get a great workout or just have some fun with friends, Drexel has the fields, courts, and indoor and outdoor locations you need. This includes our volleyball and tennis courts, the Vidas Athletic Complex, and the Daskalakis Athletic Center, also known as the DAC, which houses swimming pools, basketball courts, a rock-climbing wall, workout equipment, and more.

**THE APPLICATION PROCESS**

**FRESHMAN APPLICATION DEADLINES**
At Drexel, we carefully consider every application. Our Admissions Committee’s holistic review process assesses all aspects of the application personally. We believe it’s important to enroll right-fit students.

**Early Decision** .......................... November 1
Early Decision is the perfect option for students who know Drexel is the school for them and would like a decision by December of their senior year. This is a binding application plan and, if accepted, students must withdraw all other active applications and commit to enrolling at Drexel.

**Early Action** ................................. November 1
Like Early Decision, Early Action allows students to receive an admission decision by December of their senior year. Early Action admission is not binding and if admitted, students have until May 1 to submit an enrollment deposit.

**Regular Decision** ......................... January 15
Through the Regular Decision application process, students will receive a decision in early spring.

**SUBMITTING YOUR APPLICATION**
Freshman applications are accepted through the Common Application only. You can learn more at [commonapp.org](http://commonapp.org).

**STANDARDIZED TEST SCORES**
Drexel requires all freshman applicants to submit standardized test scores, but we offer some flexibility in which test(s) will fulfill our standardized test score requirement. For non-native English speakers, there may be additional testing requirements.

Learn about which test scores to submit at [drexel.edu/undergrad/apply/tests](http://drexel.edu/undergrad/apply/tests).

Learn more at [drexel.edu/undergrad/apply](http://drexel.edu/undergrad/apply).

**TRANSFER APPLICATION DEADLINES**
There are many reasons you may consider transferring to Drexel, and as you make your transition, we’ll be here to help you every step of the way. Drexel has a vibrant and active transfer community, with approximately 1,000 new students joining us each year. Qualified applications are considered on a rolling basis through all terms. Applications must be received one month prior to the start of the term for which you are applying.

**Starting Term** ............................... Application Review Begins In
Fall (September) ...................................... December
Winter (January)* ..................................... October
Spring (Late March/early April)* ............... November

*Not all majors enroll in our off-terms

**SUBMITTING YOUR APPLICATION**
Transfer students may submit applications through the Common Application or Drexel University’s Admission Application.

Learn more at [drexel.edu/undergrad/apply/transfer](http://drexel.edu/undergrad/apply/transfer).

**TRANSFER REQUIREMENTS**
To be considered for admission as a transfer student, you should have completed a minimum of 24 semester college credits from a regionally accredited institution, otherwise you will need to submit your high school transcript and SAT or ACT scores. Depending on the program you are applying for, additional prerequisites may apply.

For more information on program-specific prerequisites, go to [drexel.edu/undergrad/apply/prereqs](http://drexel.edu/undergrad/apply/prereqs).

TRANSFER FINANCIAL AID
Drexel offers competitive financial aid opportunities for transfer applicants. In the 2016–2017 academic year, the average scholarship and grant aid offered to transfer students was $20,444, which includes federal, state, and institutional aid. While students will be reviewed for scholarships during the admissions review process, we highly recommend filing the Free Application for Federal Student Aid (FAFSA) and CSS PROFILE as soon as possible to maximize their eligibility for support.

DEADLINES

CSS PROFILE* .................. One month prior to the start of term

FAFSA...........................................Recommended one month prior to the start of term

* Spring term deadline is February 15, due to closing of CSS PROFILE

UNDERGRADUATE AWARDS
Some of the most common award offerings for freshmen and transfer students include:

Drexel Merit Scholarship – Amount Varies
Full-time on-campus applicants (except for our second-degree Nursing program, known as ACE) are automatically considered for these academic performance-based awards.

Phi Theta Kappa Scholarship – $1,500 per 3 terms
Offered to Phi Theta Kappa Honor Society members who apply as transfer students to one of our full-time on-campus programs (ACE students are not eligible).

Drexel Grant – Amount Varies
Applicants are required to submit the CSS PROFILE to be eligible to receive this institutional need-based award.

Federal/State Financial Aid – Amount Varies
Applicants are required to file the Free Application for Federal Student Aid (FAFSA) to be considered for federal and state grants, loans, and work-study funding.

Learn more at
drexel.edu/undergrad/financing.
Are you interested in visiting Drexel? There are plenty of options that will fit even the busiest of schedules.

**VISIT CAMPUS**

**Open Houses**
Open Houses take place in the fall and the spring. You’ll join other interested students and their families, get an in-depth look at academic programs, meet with current students, and take a tour of campus.

**Campus Visits**
Campus Visits are offered throughout the year Mondays through Fridays and on most Saturdays. Each Campus Visit includes an Information Session and student-guided campus tour. The Information Session highlights Drexel’s cooperative education program, our academic offerings, and the admission and financial aid processes. Plus, there’s plenty of time for you to ask any questions. During the campus tour, you’ll take a look at our academic buildings, recreation center, and a residence hall.

Learn more at [drexel.edu/undergrad/visit](http://drexel.edu/undergrad/visit).

**Transfer Instant Decision Days**
Held every Wednesday and on select Tuesdays and Fridays, these on-campus events allow you to meet with a counselor to learn more about your transfer options and receive an admission decision right on the spot.

Learn more at [drexel.edu/undergrad/decisiondays](http://drexel.edu/undergrad/decisiondays).

Schedule an appointment by calling 1.800.2.DREXEL.

**LEARN MORE IN YOUR HOMETOWN**

**Admissions Travel Schedules**
You can also meet with admissions representatives at events near you. Students are invited to these events, which are held all over the country and the world — from college fairs to high school visits to regional receptions.

Find your admissions counselor at [drexel.edu/undergrad/contact/representatives](http://drexel.edu/undergrad/contact/representatives).

**Virtual Tour**
If you can’t make it to campus, don’t worry; our virtual tours will give you an insider’s look into Drexel University. Whether you’d like to learn about the restaurants in the area, what to do in University City, or even the best places to hear some local music, you can see it all through our virtual tours.

View the Virtual Tour: [drexel.edu/virtualtour](http://drexel.edu/virtualtour).

**WANT TO KNOW WHAT DREXEL IS REALLY LIKE?**

**PaperClip**
PaperClip is a collection of unique stories about Drexel experiences written by students. Learn more at [paperclip.drexel.edu](http://paperclip.drexel.edu) or download the app for Apple or Android.
