- Students are expected to abide by all Drexel University policies, student code of conduct, and course registration guidelines and procedures unless otherwise noted below.
- All course enrollment will be finalized **one month** before the first day of the term. After this point, students may only drop their course. **No student will be allowed to enroll in a new course after this point.**

Frequently Asked Questions

Can I earn high school credit for taking Drexel courses?

Drexel University only offers college credit, as the High School Scholars program is NOT a dual enrollment program. Some high schools do offer credit for completed college courses, but this would be done at the discretion of your high school. Check with your high school advisor or counselor for details.

Are college credits earned through the High School Scholars program transferable to other colleges or universities?

Drexel University cannot guarantee that any course credits earned are fully transferable to other colleges or universities. If you intend to transfer Drexel credits, you will need to contact the Admissions Office of the college or university in question to find out information about their policies regarding transfer of credits.

When do classes start and end?

Drexel University adheres to a quarter schedule. There are four (4) ten-week quarters in an academic year:

Fall: Late September through mid-December

Winter: Early January through late March

Spring: Early April through mid-June

Summer: Late June through early September

Each term is ten (10) weeks in length, with finals administered during the eleventh (11th) week. High School Scholars will need to confirm the class schedule with their instructors.

A full academic calendar is available online: <http://drexel.edu/provost/calendars/academic-calendars/>

How do I find and choose a course?

Consult the Term Master Schedule, which is available online:

https://duapp2.drexel.edu/webtms_du/app

High School Scholars may choose courses being offered by the following Colleges:

- The College of Arts and Sciences
- LeBow College of Business
- Goodwin College of Professional Studies
- Pennoni Honors College

Look for introductory courses (usually indicated by the course number—100 or 101). Also check to make sure the course meets the following conditions:

- The course does not have any prerequisites or restrictions.
- The course has available seats. (If seats are not available, classes will be listed as “closed.”)

Please Note: High School Scholars may not choose online classes, as students must be able to attend classes on the main campus.

Please contact the High School Scholars Program staff with any questions about your eligibility for specific courses or sections.

Can I take a course listed under a different college or school?

No. High School Scholars are only eligible to take classes from the colleges listed above (Arts and Sciences, Business, Pennoni, and Goodwin).

How many courses can I take?

High School Scholars are permitted to take one (1) course per term and up to four (4) courses per academic year.

Please Note: High school seniors *may not* register for courses during the summer following their graduation from high school, *unless* they will enter Drexel University in the fall as part of the incoming freshman class.

How to I register for a course?

Submit your top three (3) course choices to the High School Scholars Program staff at <http://drexel.edu/undergraduate-research/high-school-scholars/course-request/> . The deadlines for these course selections are as follows:

FALL TERM	August 15
WINTER TERM	November 15
SPRING TERM	February 15
SUMMER TERM	May 15

You will then be notified of the course you have been placed in, according to your preferences and class availability. **Do not register yourself for a class online; if you do so, you may be charged tuition.**

Can students take placement tests to bypass courses?

The only departments that allow High School Scholars to take placement exams to bypass pre-requisites are the Modern Languages and Mathematics departments. Otherwise, High School Scholars are *not* permitted to take placement tests or bypass courses that they may have already completed outside of Drexel.

Please email the High School Scholars Program staff (our@drexel.edu) if you are interested in taking a placement exam.

Can credit from advanced placement (AP) classes be used to fulfill prerequisites for upper level courses?

No. High School Scholars are not permitted to use any AP credits or credits from other universities to fulfill prerequisites. High School Scholars can only use successfully completed Drexel courses to fulfill prerequisites for other courses.

How do I drop or withdraw from a course?

Drops must be completed by the end of Week 1 in a given term (and will not appear on your Drexel University transcript). Withdrawals must be completed before the end of Week 7 in a given term (and will result in a permanent "W" on your Drexel University transcript).

Complete the following steps to drop or withdraw from a course:

1. Contact the High School Scholars Program staff (our@drexel.edu) to indicate that you are preparing to drop or withdraw from your current class.
2. Print and complete the Drexel Withdraw Form:
<http://drexel.edu/drexelcentral/courses/adjustments/course-withdrawal/>

3. Obtain the appropriate signatures. The form will need to be signed by the High School Scholar and the instructor of the course being dropped or withdrawn from; obtaining these signatures is the responsibility of the High School Scholar.
4. Deliver a signed copy of the form to the High School Scholars Program in person (3019 MacAlister Hall, 3141 Chestnut St.).
5. *Please Note:* No drop/withdrawal forms will be accepted after 12:00 noon on the Wednesday of Week 7 in any given term.

Please Note: If you must drop or withdraw from a course, you will need to wait two (2) terms before you are permitted to register again for another course through this program.

Please Note: Two course withdrawals will result in removal from the program.
