Q1.2 Welcome to the **Drexel University Enrolled Student Survey**, coordinated by the Office of Planning and Institutional Research (OPIR), and run once every two years. Drexel is soliciting your feedback in order to help it improve the educational experience for students. The data you provide will be used as a basis for planning and decision-making at the University.

We realize that some of these questions might not apply to you or, for whatever reason, are questions you may prefer not to answer. If that is the case, feel free to skip those questions.

The survey should take about 10 minutes to complete.

While this survey is **not anonymous**, OPIR has a strict policy on maintaining the **confidentiality** of student survey data:

Original survey data will be kept in a secure, password-protected location within OPIR.

Data will be summarized in any oral or written reports only in groups of **five or more individuals**. Although you may be required to visit the survey link, your responses to any and all questions in the survey are **voluntary** – you may skip any question that you prefer not to answer, for whatever reason. The only questions requiring answers are those necessary for the survey to function properly

Thank you again for your response – be assured that the information you provide **will** be summarized and reviewed by Drexel leadership in order to help the University improve.

I have read the above statement. (1)

### Q15.1 Last question!

The Office of Planning and Institutional Research (OPIR) is required by federal regulations to gather information on student experiences and post-graduate outcomes (employment and graduate school).

We have found that students do not always see email invitations, and since these surveys are mandatory for the University, we would like to use your mobile telephone number to invite you to participate by sending a text message with the online survey link to you.

**This number will not be shared with other offices, and will be used by OPIR only to send these text message invitations.** For most students, this will be only two additional surveys between now and one year after you graduate.

If you are willing to share your mobile number with our office, please enter it below.

Start of Block: Alcohol

Q119 The last section of this survey asks about alcohol use, including your personal level of alcohol use. Please know that we take the confidentiality of your responses to any of the items below very seriously (see below for details).

The University is requesting that you provide this information in order to understand current student behavior as well as to gauge student interest in alternative activities.

As a reminder, the information you provide to any questions from this point forward in the survey will be handled in the following way:

Your responses to any and all questions in the survey are voluntary – you may skip any question that you prefer not to answer, for whatever reason. For the items in this section of the survey, identifying information in the associated survey data (e.g., University ID, name, any open-ended responses that are identifying) will not be made available to anyone outside of the Office of Planning and Institutional Research (OPIR). OPIR will not use the identifying information for any purpose other than to de-identify the responses and prepare reports as requested by University departments that are interested in the survey results. Original survey data will be kept in a secure, password-protected location within OPIR. Data will be summarized in any oral or written reports only in groups of five or more individuals.

The purpose and intent of the survey questions is not to identify individuals who may be at risk

for any specific follow up or intervention. In addition, the information will not be used to take adverse action against any individual.

In answering the following questions, if you, or someone you know, has a concern about your own (or another's) well-being, or would like to access available resources to address any problem or concern, we encourage you to seek help and take advantage of the many resources available at Drexel. Please call the Student Counseling and Health Center if you have any questions or need further information.

- I have read and understood the above statement, and **would like to view** these questions (responses are still voluntary) (7)
- I have read and understood the above statement, and **would like to skip** these questions. (8)
