Q1.2 Welcome to the **Drexel University Enrolled Student Survey**, coordinated by the Office of Institutional Research, Assessment and Accreditation (IRAA), and run every two years. Drexel is soliciting your feedback to help improve the educational experience for students. The data you provide will be used as a basis for planning and decision-making at the University.

We realize that some of these questions might not apply to you or, for whatever reason, are questions you may prefer not to answer. If that is the case, feel free to skip those questions.

The survey should take about 10 minutes to complete.

Please note that the survey responses are **confidential**. Your anonymity will be maintained by the Office of Institutional Research, Assessment and Accreditation (IRAA). Responses will be de-identified and aggregated in groups of five or more individuals before being shared with Drexel leadership.

Q15.1

The Office of Institutional Research, Assessment and Accreditation (IRAA) is required by federal regulations to gather information on student experiences and post-graduate outcomes (employment and graduate school).

We have found that students do not always see email invitations, and since these surveys are mandatory for the University, we would like to use your mobile telephone number to invite you to participate by sending a text message with the online survey link to you.

This number will not be shared with other offices, and will be used by IRAA only to send these text message invitations. For most students, there will be only two additional surveys between now and one year after you graduate.

If you are willing to share your mobile number with our office, please enter it below.

Q12.1 The following series of questions request that you provide **demographic information** not currently maintained in Drexel's database, including information about your gender identity, your sexual orientation, and your political views. Knowing how students self-identify on these aspects of their identity will be helpful to the University as it strives to better serve all of its students. Again, answering these questions is **voluntary** – if you do not feel comfortable providing this information, simply skip ahead to the next set of questions. Because we hope you will be willing to provide this information, we again remind you that individual students will not be identified in any written or oral presentations of this information, and that any identifying information in the survey data, such as your University ID, your name, etc., will be maintained **only** in the Office of Institutional Research's password-protected database.
