Q1.3 Congratulations on your graduation from Drexel University!

This is a significant achievement and we are proud of your success. As part of the graduation process, we would like to request your help completing a short survey. The survey consists of two parts: **Post-graduation plans**

What will you be doing after you graduate? The Department of Education mandates that we collect this information.

Evaluation of your Drexel Experience

The second part of the survey asks you to reflect on **your entire experience at Drexel**. This is information that we will use to improve the educational experiences and services we provide for current and future students. We realize that some of these questions might not apply to you given the timing of your graduation; if that is the case, feel free to skip them. The survey should take between **15 minutes to complete**. Please know that this survey is **not** anonymous. However, your responses will be handled confidentially, such that all data reports will be aggregated in groups of no smaller than five individuals. A select group of administrative analysts responsible for preparing these reports will have access to individual data, which will be stored in an encrypted, password-protected location. Although you may be required to visit the survey link, your responses to any and all questions in the survey are **voluntary** – you may skip any question that you prefer not to answer, for whatever reason. The only questions requiring answers are those necessary for the survey to function properly. Thank you again for your response – be assured that the information you provide **will** be summarized and reviewed by the leadership in order to help the University improve.

I have read the above statement. (1)

End of Block: Contact Information

Start of Block: Satisfaction - Academics

Q7.2 You have completed **Part I** of the survey, and are now beginning **Part II**. Please know that we take the confidentiality of your responses to any of the items below very seriously. As a reminder, the information you provide to any questions from this point forward in the survey will be handled in the following way: Original survey data will be kept in a secure, password-protected location within IR. Data will be summarized in any oral or written reports only in groups of five or more individuals. Although you may be required to visit the survey link, your responses to any and all questions in the survey are **voluntary** – you may skip any question that you prefer not to answer, for whatever reason.
