

# SES Nursing & Health Professions (NH)

---

Start of Block: CNHP - BHC

Q1.1 Overall, how difficult did you find the courses in the behavioral health counseling major?

▼ Not Difficult at All (1) ... Very Difficult (4)

---

Q1.2 Looking back on the courses taken for the behavioral health counseling major, how useful did you find these courses in preparing you for your career path?

▼ Very Useful (4) ... Not Useful (1)

---

Q1.3 Please provide any additional comments about the curriculum for the behavioral health counseling major in the space provided:

---

---

---

---

---

Q1.4 Overall, how knowledgeable did you find the faculty teaching the courses in the behavioral health counseling major?

▼ Very Knowledgeable (4) ... Not Knowledgeable (1)

---

Q1.5 Overall, how helpful did you find the faculty in supporting you in your studies in the behavioral health counseling major?

▼ Very Helpful (4) ... Not Helpful (1)

---

Q1.6 Having completed the behavioral health counseling program, how much do you feel your knowledge base has improved in the subject matter specifically in this major field?

- Great Improvement (3)
  - Some Improvement (2)
  - About the same (no improvement) (1)
- 

Q1.7 Having completed the behavioral health counseling program, how prepared do you feel to begin working or continuing to work in this field?

- Well Prepared (3)
  - Somewhat prepared (2)
  - Not prepared (1)
- 

Q1.8 Having completed the behavioral health counseling program, how confident do you feel about entering this field?

- Very Confident (3)
  - Somewhat Confident (2)
  - Not Confident (1)
-

Q1.9 Please provide any comments about your preparedness or knowledge base in your field in the space provided:

---

---

---

---

---

---

Q1.10 Overall, how well were your academic expectations met in the behavioral health counseling major?

- Exceeded Expectations (3)
- Met Expectations (2)
- Did Not Meet Expectations (1)

---

Q1.11 How likely are you to recommend studies in the behavioral health counseling major at Drexel to a prospective student?

- Very Likely (3)
- Likely (2)
- Not Likely (1)

---

*Display This Question:*

*If Overall, how well were your academic expectations met in the behavioral health counseling major?  
= Did Not Meet Expectations*

Q1.12 If your academic expectations were not met, please explain:

---

---

---

---

---

Q1.13 Please provide us with any further comments that will help us to evaluate the behavioral health counseling major.

Start of Block: CNHP - RADT

Q2.1 Overall, how difficult did you find the courses in the radiologic technology major?

▼ Not Difficult at All (1) ... Very Difficult (4)

Q2.2 Looking back on the courses taken for the radiologic technology major, how useful did you find these courses in preparing you for your career plan?

▼ Very Useful (4) ... Not Useful (1)

Q2.3 Overall, how satisfied were you with the courses the radiologic technology major?

▼ Very Satisfied (4) ... Not Satisfied (1)

Q2.4 Please provide any additional comments about the curriculum for the radiologic technology major in the space provided:

---

---

---

---

---

Q2.5 Below is a list of objectives for the radiologic technology major. Please note (yes or no) if you believe that you were able to meet each objective upon graduation from the program:

	Yes (1)	No (2)
Demonstrate appropriate compassion as a radiologic health care provider. (RT17_1)	<input type="radio"/>	<input type="radio"/>
Gained knowledge base to pass the JCERT examination. (RT17_2)	<input type="radio"/>	<input type="radio"/>
Acquired clinical skills to meet and/or exceed minimum entry level requirements to perform radiologic technology. (RT17_3)	<input type="radio"/>	<input type="radio"/>
Use effective communication skills to work in a health care setting. (RT17_4)	<input type="radio"/>	<input type="radio"/>
Use effective critical thinking and problem solving skills. (RT17_5)	<input type="radio"/>	<input type="radio"/>
Recognize the significance of professional growth and development. (RT17_6)	<input type="radio"/>	<input type="radio"/>

Q2.6 Overall, how knowledgeable did you find the faculty teaching the courses in the radiologic technology major?

▼ Very Knowledgeable (4) ... Not Knowledgeable (1)

Q2.7 Overall, how helpful did you find the faculty in supporting you in your studies in the radiologic technology major?

▼ Very Helpful (4) ... Not Helpful (1)

---

Q2.8 Having completed the radiologic technology program, how much do you feel your knowledge base has improved in the subject matter specifically in this major field?

- Great Improvement (3)
  - Some Improvement (2)
  - About the same (no improvement) (1)
- 

Q2.9 Having completed the radiologic technology program, how prepared do you feel to begin working or continuing to work in this field?

- Well Prepared (3)
  - Somewhat prepared (2)
  - Not prepared (1)
- 

Q2.10 Having completed the radiologic technology program, how confident do you feel about entering this field?

- Very Confident (3)
  - Somewhat Confident (2)
  - Not Confident (1)
-

Q2.11 Please provide any comments about your preparedness or knowledge base in your field in the space provided:

---

---

---

---

---

Q2.12 Please provide any comments about the academic advisor and advising that you received during your studies in the radiologic technology major in the space provided.

---

---

---

---

---

Q2.13 How likely are you to recommend studies in the radiologic technology major at Drexel to a prospective student?

Very Likely (3)

Likely (2)

Not Likely (1)

Q2.14 Please provide us with any further comments that will help us to evaluate the radiologic technology major.

---

---

---

---

---

X→ X→

Q3.7 Below is a list of objectives for the health sciences degree program. Please note (yes or no) if you believe that you were able to meet each objective upon graduation from the program:

	Yes (1)	No (2)
Utilize the growing body of scientific knowledge to learn about health promotion, disease prevention, and health conservation. (HS7_1)	<input type="radio"/>	<input type="radio"/>
Effectively utilize new technologies to access and manage information in a variety of health care settings. (HS7_2)	<input type="radio"/>	<input type="radio"/>
Discuss the issues involved in the design and execution of clinical research studies for the development of new drugs, new medical devices and new medical procedures. (HS7_3)	<input type="radio"/>	<input type="radio"/>
Apply new knowledge and skills appropriately in clinical research settings. (HS7_4)	<input type="radio"/>	<input type="radio"/>
Participate in continuing educational activities to enhance personal and professional growth. (HS7_5)	<input type="radio"/>	<input type="radio"/>
Develop personal skills of leadership. (HS7_6)	<input type="radio"/>	<input type="radio"/>
Organize culturally-sensitive health education activities that enhance the health and wellness of the community. (HS7_7)	<input type="radio"/>	<input type="radio"/>
Use effective verbal and written communication to contribute to the health care professions by sharing knowledge and skills with clients, peers, and other health care professionals. (HS7_8)	<input type="radio"/>	<input type="radio"/>

Continue my education in post-baccalaureate and graduate programs leading to careers in nursing, cardiovascular perfusion, physical therapy, physician assistant studies, cardiac rehabilitation and/or clinical research. (HS7\_9)

Employ analytical and critical thinking skills to improve the health outcomes of individuals, families, and communities across the spectrum of health care. (HS7\_10)

Q3.8 Overall, how knowledgeable did you find the faculty teaching the courses in the health sciences major?

▼ Very Knowledgeable (4) ... Not Knowledgeable (1)

Q3.9 Overall, how effective are the instructional methods used by faculty in the health sciences major?

Very Effective (3)

Effective (2)

Not Effective (1)

Q3.10 Overall, how helpful did you find the faculty in supporting you in your studies in the health sciences major?

▼ Very Helpful (4) ... Not Helpful (1)

Q3.11 Overall, how useful did you find the textbooks and other course materials in the health sciences major?

▼ Very Useful (4) ... Not Useful (1)

Q3.12 Please provide any comments about the instructional methods of our faculty in the space provided.

Q4.6 Please provide any additional comments about the curriculum for the health services administration in the space provided:

---

---

---

---

---

Q4.7 Below is a list of objectives for the health services administration degree program. Please note (yes or no) if you believe that you were able to meet each objective upon graduation from the program:

	Yes (1)	No (2)
Identify major health issues and underlying determinants in the U.S. and how they vary among special populations. (Q505_11)	<input type="radio"/>	<input type="radio"/>
Give examples of and explain how socio-cultural, economic, and political factors affect the health of the population. (Q505_12)	<input type="radio"/>	<input type="radio"/>
Name and explain the major components of the U.S. health care systems and public health services. (Q505_13)	<input type="radio"/>	<input type="radio"/>
Identify basic management theories and principles and apply them to a health care setting. (Q505_14)	<input type="radio"/>	<input type="radio"/>
Identify ethical principles relevant to health care systems and analyze health care or administrative issues based on these principles. (Q505_15)	<input type="radio"/>	<input type="radio"/>
Explain in detail the various ways that health care is funded in the United States and major variables that affect funding over time. (Q505_16)	<input type="radio"/>	<input type="radio"/>
Identify and use strategies to influence the health policy making process and serve as an advocate for improving the health of a community. (Q505_17)	<input type="radio"/>	<input type="radio"/>
Identify how policies, procedures and standards guide health care practice and professional behavior. (Q505_18)	<input type="radio"/>	<input type="radio"/>

Utilize various technologies to access and manage information in a variety of health care settings. (Q505\_19)

Employ analytical and critical thinking skills to increase effectiveness and efficiency in the workplace and in the health care field. (Q505\_20)

Identify major leadership characteristics, behaviors, and management practices that researchers have shown to be exhibited by effective leaders in the health care field. (HS7\_2)

Q4.8 Overall, how effective are the instructional methods and course materials used by faculty in the health sciences major?

- Very Effective (3)
- Effective (2)
- Not Effective (1)

---

Q4.9 Please provide any comments about the instructional methods and course materials in the space provided.

---

---

---

---

---

Q4.10 Overall, how helpful did you find the faculty in supporting you in your studies in the health sciences major?

- Very Helpful (4)
- Helpful (3)
- Somewhat Helpful (2)
- Not Helpful (1)

Q4.11 Having completed the health services administration program, how much do you feel your knowledge base has improved in the subject matter specifically in this field?

- Great Improvement (3)
- Some Improvement (2)
- About the same (no improvement) (1)

Q4.12 Having completed the health sciences program, how prepared do you feel to begin working or continuing to work in this field?

- Well Prepared (3)
  - Somewhat prepared (2)
  - Not prepared (1)
-

Q4.13 Please provide any comments about your preparedness or knowledge base in the health services administration field in the space provided:

---

---

---

---

---

Q4.14 Overall, how helpful did you find the academic adviser in supporting your progress in completing the health services administration major?
