### Meet the Class of 2024 40 Under 40

The 40 Under 40 Class of 2024 illustrates just how quickly determined and passionate professionals can master skills to make a meaningful difference in their fields. They demonstrate an eagerness to share their quickly — not easily — gained wisdom and know-how with others of all ages to nurture a better future for all.

### 40 Years Ago, Drexel Made Computer — and Apple — History

In the early 1980s, Drexel became the first university in the country to require all students to have a personal computer, a mandate made possible through a first-of-its-kind partnership with Apple Inc.

### Experience the Madness

Drexel's men's and women's basketball teams both saw divisional success in their historic 2023-2024 seasons and the Colonial Athletic Association (CAA) tournament. And the post-season madness will continue, because our Dragons are dancing this March! The women's team's victory over Stony Brook University for the CAA championship means they're headed for the 2024 NCAA Tournament.

Entering the tournament as a #16 seed, the Dragons are headed to Austin, Texas for their first round matchup against #1 seed Texas on March 22 at 3 p.m. ET, which will be broadcast on ESPNU. We invite you to join the Drexel community in the fun by cheering for the Dragons on the big stage.

Use the hashtags #FearTheDragon and #ExperienceDrexel on social media to take part in the conversation as March Madness gets underway... and don't forget to tune in for the game on Friday, March 22 to see Dragons take flight!
