

## Dragons at Work: Engage with fellow Dragons in your workspace

### What is Dragons at Work?

Dragons at Work is a program in partnership with Drexel Alumni Relations connecting Drexel alumni working at the same employer usually right in their workspace.

### What actually happens at a Dragons at Work event?

Fellow Dragons connect at work through:

- **Hosting social events:** group breakfasts, lunches and happy hours located at or close to the office and can include activities such as quizzo, bingo, raffles, etc.
- **Offering professional development:** speed networking, mentoring students and newer employees, and hosting speakers on career or professional development topics on-site
- **Offering civic engagement:** group activities that engage alumni who work at your employer to volunteer for a good cause in your area
- **Reconnecting with Drexel:** hosting faculty and staff speakers on site on topics of interest and/or planning group visits back to campus
