

# Connecting the Dots

[drexel.edu/connectingthedots](http://drexel.edu/connectingthedots)

## Seeking participants for a study investigating early intervention outcomes in **Down syndrome**

A researcher who is a member of Drexel University conducts this research.

### Who?

- Children with **Down syndrome 12 to 50.99 months old**

### What do families need to know?

- Your child will have a developmental evaluation
- Children will be randomized to:
  - Six months of play-based intervention
  - OR
  - Treatment as usual
- All children will have another evaluation after six months
- You may continue any ongoing therapy/activities you are currently doing with your child
- Benefits: written report from evaluation and \$50 per evaluation
- **If you are interested**, please contact Sherief Eldeeb at 215-571-4522 or [sye23@drexel.edu](mailto:sye23@drexel.edu)
