

### Recruiting Volunteers for a Research Study

## Using Network Science to Investigate Eco-systems of Employment Support for Low-Resource Youth with ASD

### Who is this study for?

Caregivers or school/employment providers of young adults who are:

- 18-22 years old
- on the autism spectrum
- able to answer questions about employment and who helps them with employment
- in their final year of high school or extended high school **OR** have graduated from high school or extended high school in the past 3-12 months.

### Why?

- We want to learn about the resources and coordination among young adults on the autism spectrum and their pre-employment team members during their transition!

### What will be expected of the participant?

You will be asked to either complete only part 1 or part 2, or both parts 1 and 2:

### Where?

- We're offering virtual participation options (i.e. Zoom, text, phone call etc.)

### When?

- Now until December 2020

### How?

- We are happy to provide accommodations, such as extended time, multiple visits, a "buddy" or supporter to be with you during the survey, paper or online options.

You will be paid \$20 in cash or gift card at each point you accomplish a task with us for participating in this study.
