INVITATION TO PARTICIPATE
IN A RESEARCH STUDY

SEEKING CAREGIVERS OF YOUNG CHILDREN WAITING FOR AN AUTISM EVALUATION

Concerned about your child's development? Access early support and guidance with our fully online caregiver training program!

For caregivers of children aged
16 to 48 months who are waiting
for an autism evaluation

BENEFITS INCLUDE:

- Access to an online program for caregivers at no cost to you
- Receive \$150 upon completion of study activities

WHY PARTICIPATE?

- Learn strategies to support your child's social, language, and other important skills
- Complete trainings (~2 hours each) at your own pace, choosing those that best address your child's strengths and needs
- Complete interviews online at 3 designated time points (1-2 hours each)

WHAT SHOULD I KNOW?

- Families will be randomly assigned to start the program immediately or after 6 months
- Families may continue any ongoing therapy or program for their child
- This study does NOT include a diagnostic evaluation

I'm interested! What do I do next?
