# DREXEL DIGITAL DEVELOPMENT CAMP-VIRTUAQUEST
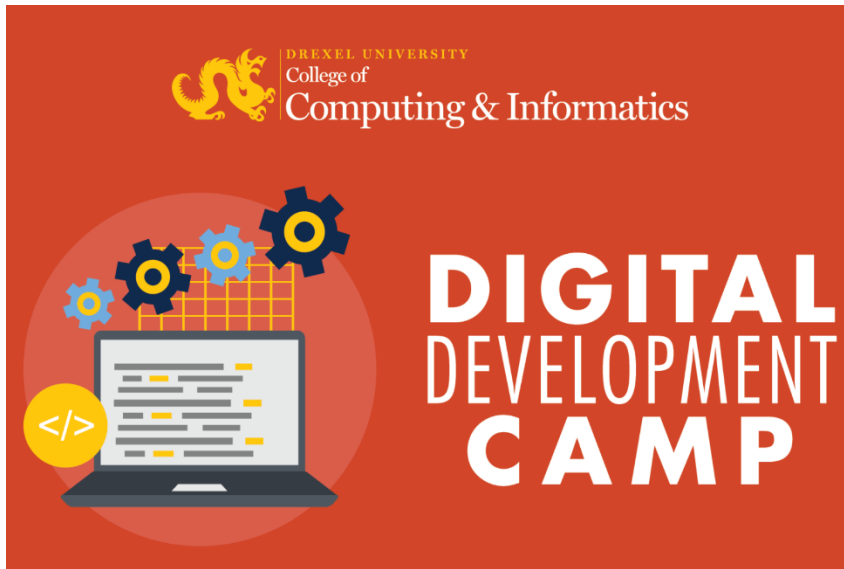

## Monday, July 7 to Thursday, July 24

**Camp Basics:**
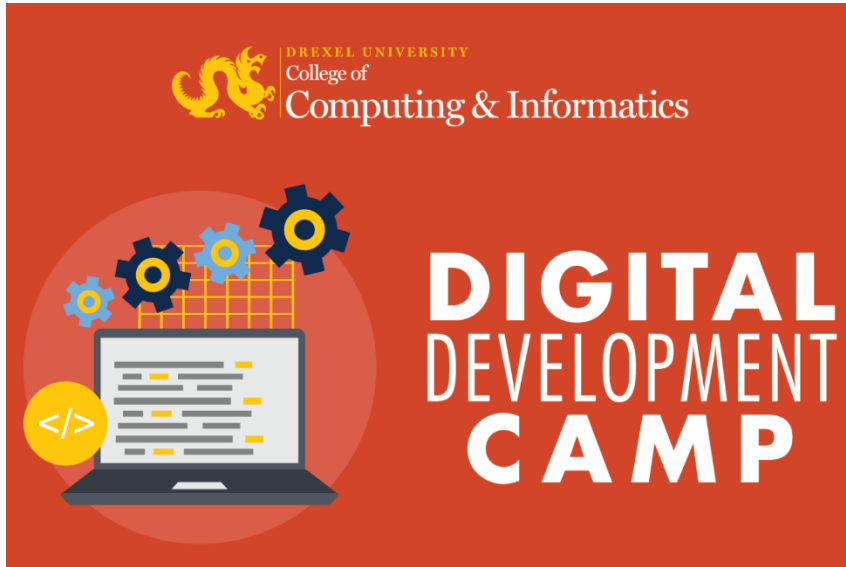

- Meets Monday-Thursday, 10am to 3pm.

- $750 tuition includes daily lunch and snacks.

- Open to rising high school sophomores, juniors and seniors, as well as incoming Drexel CCI First-Year students.

- Auerbach Camp Scholarships are available to cover the $750 camp tuition.

- Tuition is waved for confirmed incoming CCI first-year students.

**Camp Curriculum:**

- Focuses on the intersection of virtual reality (VR), artificial intelligence (IA), programming, and game development under expert faculty and student leader guidance.

- Explores theoretical concepts in AI and game development.

- Offers immersive, hands-on learning experience through expert-led workshops, labs, and collaborative projects.

- Daily Lectures include: Human-Centered AI, Quantum Computing, Virtual Reality, Security in AI, Generative AI and more.

- Engages campers in teamwork and project-based learning, allowing campers to apply concepts in fascinating projects!
