

Independent Study Form

Proposal: Please provide as many details as you can within each category below. All sections are mandatory. Include additional pages if necessary. If your proposal will be done as part of a funded research project, include account number here:

Completion Date:

Course description:

Assigned Reading – Please supply the reading list with both text names and authors and the specific pages and chapters that the student will cover in each text.

Written Assignments – Please detail the assignments that the student will turn in and the dates on which each assignment is due.

Exams – Please indicate whether or not the student will be expected to take any exams and if so specify when, how many, and the nature of the exams (take-home, in-class, other).

Faculty/Student Appointments – Please describe how often the student and faculty member will meet to discuss the work (NOTE: a three credit course requires three hours of interaction per week).

Final Grading – Please outline how the final grade will be determined.

Independent Study Form

CCI Independent Study Course Key

CS UG Course Number: CS IXXX	Title: Independent Study in CS	Number of Credits: 1.0 - 12.0
