

## CONSENT

### Purpose

Using this mobile app helps us learn more about the spread and impact of COVID-19 in the Drexel University community. Drexel will use the information you provide through the app to manage and respond to incidents of COVID-19 that occur among our students, faculty and staff. The app can also be used to fulfill the University's self-certification requirements for access to campus property. Drexel may also use the information to comply with legal requirements or, if your information is de-identified as further described below, for approved research.

The app is not a diagnostic tool for clinical use.

### Information Sharing

We are deeply committed to privacy and no information you share will be sold to third parties or used for commercial purposes. If you give consent, the information contained in your response to the app's questions will be provided only to authorized representatives of Drexel University in accordance with the terms of your consent. Drexel University may contact you to follow up on the information you provided in the app.

Any other disclosure of information shared with Drexel University will exclude name, email address, phone number and other information that is reasonably likely to identify an individual and will be only for purposes of approved research.

All data is encrypted and stored securely.

### Consent

By selecting "I agree" you consent to sharing your information for the purposes outlined above. Your consent modifies the terms of our privacy policy.

For more information about our commitment to privacy and how we use data please see our terms of use and privacy policy

You can withdraw your consent at any time by emailing us at [optout@myownmed.com](mailto:optout@myownmed.com).

You can reach us for questions at [clientsupport@myownmed.com](mailto:clientsupport@myownmed.com).

This consent is effective through December 14, 2022.
