

DORNSIFE SCHOOL OF PUBLIC HEALTH COMMENCEMENT CLASS OF 2020

DREXEL UNIVERSITY

Dornsife

School of Public Health

THE DORNSIFE SCHOOL OF PUBLIC HEALTH GRADUATES

DOCTORAL DEGREES

Yvonne Acheampong, Doctor of Public Health, Community Health & Prevention

Dissertation title: Intimate Partner Screening of Refugee Women in Primary Care Settings: A Mixed-Methods Study

Cinthya Kleret Alberto, Doctor of Philosophy, Health Services Research & Policy

Dissertation title: Health Care Access and Receipt of Family Centered Care among Latino Youth: The Roles of Maternal Characteristics and State Immigrant Policies

Kimberly M. Daniels, Doctor of Philosophy, Epidemiology

Dissertation title: Associations of Built and Social Neighborhood Environment Variables with Pediatric BMI z-score and Changes in BMI z-score

Marisa Alanna Felsher, Doctor of Philosophy, Community Health & Prevention

Dissertation title: A Dyadic Analysis of Prep-Related Interpersonal Communication Among Women who Inject Drugs in Philadelphia

Suzanne Grossman, Doctor of Public Health, Community Health & Prevention

Dissertation title: From Around the World to Around the Corner: A Mixed- Methods Analysis of How Public Libraries Can Influence the Health of Immigrants

Leny Mathew, Doctor of Philosophy, Epidemiology

Dissertation title: Phthalate Metabolites and Neurodevelopmental Disorders: A Comparison of Exposure Measurements in Prenatal Urine and Meconium

Jacquelynn Yvonne Orr, Doctor of Public Health, Health Policy & Social Justice

Dissertation title: Inpatient Tertiary Care Utilization: A Mixed-Methods Study of Chronic Disease Comorbidities from 2010-2015

Ana Florencia M. Ortigoza, Doctor of Philosophy, Epidemiology

Dissertation title: The Influence of Social Urban Environment on Infant Mortality in Cities of Latin America

Rachel Marie Peters, Doctor of Public Health, Health Policy & Social Justice

Dissertation title: Reasons for Uninsurance Among ACA Eligible Adults in an Urban Safety Net Setting

Pam Phojanakong, Doctor of Philosophy, Epidemiology

Dissertation title: Reproductive History as a Surrogate for Lifetime Exposure to Unopposed Estrogen and Potential Mediation of its Association with Cardiovascular Disease by Inflammation

Megan K. Reed, Doctor of Philosophy, Community Health & Prevention

Dissertation title: Addressing Overdose Risk among Recently Incarcerated People Living with HIV/AIDS

Erica Elizabeth Smith, Doctor of Philosophy, Epidemiology

Dissertation title: Social Determinants of Health as Upstream Risk Factors for Salmonella and Campylobacter Infection in Pennsylvania

Daniel Timothy Vader, Doctor of Philosophy, Epidemiology

Dissertation title: Misclassification and biased estimates of adult hepatitis B vaccination coverage in the United States

Niko Verdecias, Doctor of Public Health, Community Health & Prevention

Dissertation title: Exploring CVD Knowledge, Risk Perceptions and Associated Socio-behavioral Determinants Among African American and Hispanic PLWHA

Yichen Zhong, Doctor of Philosophy, Epidemiology

Dissertation title: The Impact of Taxes and Price Promotions on Sugar-Sweetened Beverage Consumption

MASTER'S DEGREES

Olamide Christiana Adebowale, Master of Public Health, Health Management & Policy

ILE project: Epic@Jeff

Geli Denisse Agurto Zapata, Master of Public Health, Executive Program

Independent Study: Integrando Nuestra Salud: A preventive health education component of the Health and Wellness Program

Noshin Momtaz Ahmed, Master of Public Health, Health Management & Policy

ILE project: Health Spark Foundation Consumer Survey Development

Ako Adams Ako, Master of Public Health, Epidemiology

ILE project: Provider variability in MRI/US fusion biopsy clinically significant prostate cancer detection rates

Valentina Amaya-Vargas, Master of Public Health, Health Management & Policy

ILE project: Strategy and Business Development Internship at Jefferson Health

Breanne Lynn Baez, Master of Public Health, Community Health & Prevention

ILE project: Integrated Task Force: A1C Greater than 9 Improvement Program

Imani A. Baldwin, Master of Public Health, Health Management & Policy

ILE project: Epic@Jeff

Gaurav Jashvantrai Barot, Master of Public Health, Epidemiology

ILE project: Role of Insurance in self-rated Oral Health

Chloe Nicole Bernardin, Master of Public Health, Community Health & Prevention

ILE project: Qualitative Analysis of the "Outpatient Pediatrics and Advocacy" Fourth Year Medical Student Elective.

Varun T. Bhatt, Master of Public Health, Health Management & Policy

Markian Myron Bojko, Doctor of Medicine and Master of Public Health

ILE project: Recurrent Aortic Insufficiency After Emergency Surgery for Acute Type A Aortic Dissection with Aortic Root Preservation

Maura Leah Boughter-Dornfeld, Master of Public Health, Health Management & Policy

ILE project: Community Needs Assessment of St. Christopher's Foundation for Children's Farms to Families Initiative

Sarah Lee Bowler, Master of Public Health, Health Management & Policy

ILE project: Policy & Advocacy Initiatives at PCCY

Breauna Francescia Branch, Master of Public Health, Epidemiology

ILE project: Association of sexually transmitted infections and sexual healthcare provider attitudes in adolescent Black males in Philadelphia, PA

Brittney Marie Bruno, Doctor of Medicine and Master of Public Health

ILE project: Evaluating the Implementation of a Mixed-Methods Maternal and Child Health Distance Education Pilot for Front Line Providers in Regional Training Centers in Rural Uganda-A Technical Report

Janielle Shari Bryan, Master of Public Health, Executive Program

Cierra Michelle Bryant, Master of Public Health, Community Health & Prevention

ILE project: DREAMS Evaluation Project

Arthur Paul Bucher, Master of Public Health, Executive Program

Independent Study: Certification in Public Health (CPH) and Certified Associate in Project Management (CAPM)

Stephen Bui, Master of Public Health, Health Management & Policy

ILE project: Epic@Jeff

Beatriz Cabello, Master of Public Health, Community Health & Prevention

ILE project: Evidence-Based Behavioral Health Care in and Urban Integrated Primary Care Site

Rebecca Carper, Master of Public Health, Executive Program

Independent study: The Impact of Urban Hospital Closures: Hahnemann University Hospital

Katherine Castro, Master of Public Health, Epidemiology

ILE project: Determining Fire Based Emergency Medical Service Utilization Trends in Philadelphia

Danielle Elizabeth Catrillo, Master of Public Health, Community Health & Prevention

ILE project: Views of Sexual Orientation and Gender Identity (SOGI) Data Collection in the Fire Service

Deepika Chauhan, Master of Public Health, Epidemiology

ILE project: Healthcare utilization and costs associated with comorbidity-negative symptoms of schizophrenia and substance abuse disorder

Trang Thuy Che, Master of Public Health, Health Management & Policy

ILE project: St. Christopher's Hospital for Children's Community Health Needs Assessment

Kerri-Anne Ciesielka, Master of Public Health, Epidemiology

ILE project: A Comparison of Physical Activity Levels between Master and Collegiate Athletes Utilizing Accelerometers

Emily E. Ciliberti, Master of Public Health, Environmental & Occupational Health

ILE project: Creation of Recommendations for the National Environmental Policy Act Based on Health Impact Assessments

Hannah Lousie Conner, Master of Public Health, Epidemiology

ILE project: Gentrification and Social Cohesion in Small Area Estimates of Philadelphia

Heather Elizabeth Conway, Doctor of Medicine and Master of Public Health

ILE project: Weight-Gain in Treatment Naive Newly Diagnosed HIV Patients After Initiation on Integrase Strand Inhibitor Based Treatment Regimens

Julie Marian Cusack, Master of Public Health, Environmental & Occupational Health

ILE project: Residential Exposure to Municipal Solid Waste Incinerators and Adverse Pregnancy Outcomes: A Systematic Review

Catherine Anne Davis, Master of Public Health, Health Management & Policy

ILE project: Autism Speaks Advocacy Work

Maxine Michelle Davis, Master of Public Health, Community Health & Prevention

ILE project: Designing for Dissemination of #MyWhitePrivilege Findings

Anthony Amedeo DeFazio II, Master of Public Health, Epidemiology

ILE project: Assessing the Association Between Access to Health Care and Knowing Hepatitis B Status

Chelsi Defoe, Master of Public Health, Environmental & Occupational Health

ILE project: Risk Factors for Pain and Injury in Hotel Housekeepers

Ashley Leigh Dickinson, Master of Public Health, Executive Program

Independent Study: HIV Risk in Adolescents in Philadelphia: What's Been Done and What Can be Done?

Jianyi Ding, Master of Science, Biostatistics

Joshua Weiss Dossick, Master of Public Health, Environmental & Occupational Health

ILE project: Development of Emergency Management Plan for Philadelphia Department of Public Health Primary Care Health Center Network

Claudia Duguay, Master of Public Health, Epidemiology

ILE project: Association Between Environmental Factors and Prevalence of Hookworm Infection Among School Aged Children in Tanzania

Lauren Ashley Dye Netti, Master of Public Health, Executive Program

Independent Study: Safety of Preservatives in Cosmetics and Personal Care Products: Are U.S. Consumer Safety Agencies Adequately Protecting Consumers from Harmful Ingredients?

Patrycja M. Dziekonska, Master of Public Health, Health Management & Policy

ILE project: Emergency Management Plan

Sarah Saman Ehsan, Master of Public Health, Epidemiology

ILE project: Contraceptive Service Utilization & Continuation after Long-Acting Contraceptive Placement

Kathleen Marici Escoto, Master of Public Health, Epidemiology

ILE project: NO2 Exposure During Pregnancy and Adverse Birth Outcomes with the Philadelphia Birth Cohort, 2013-2017

Charles Raymond Fencil, Doctor of Medicine and Master of Public Health

ILE project: Social Determinants of Health Effects in Glioblastoma Care

Daniel Galpern, Master of Public Health, Community Health & Prevention

ILE project: Exploring the Work of Philadelphia-based Youth Health Organizations

Susan Nyakinyua Gichomo, Master of Public Health, Executive Program

Independent study: Healthcare in Kenya: Public Health Volunteer with Marafiki Community International

Joseph Collin Giordano, Master of Public Health, Community Health & Prevention

ILE project: UnityPhilly App Study

Anthony Richard Goetz, Master of Public Health, Community Health & Prevention

ILE project: TreePhilly Existing Conditions Analysis of Organizations Improving Tree Coverage in Philadelphia

Jacqueline Andi Gottlob, Master of Public Health, Executive Program

Independent study: Integrating Medically Tailored Meals as a Standard of Care - Medicaid and Medicare

Gabriella Grimaldi, Master of Public Health, Executive Program

Justin Guan, Master of Science, Epidemiology

Data analysis project: The Association Between Changes in the Built Environment and Changes in Walking in Older Women in Portland, OR

Briana Chantelle Guillory, Master of Public Health, Community Health & Prevention

ILE project: Analysis of Children Aged 0-5 Feeding Environmental Within West Philadelphia Promise Neighborhood

Claire Byrne Gunnison, Master of Public Health, Health Management & Policy

ILE project: Applying the CHOP Improvement Framework

Leah Raquel Hall Hansen, Master of Public Health, Executive Program

Independent Study: The New School Wellness Week: Leading Peer Health Advocates

Amanda Louise Hazen, Master of Public Health, Epidemiology

ILE project: The Association Between Discharges Against Medical Advice and Readmission in Patients Treated for Drug Injection Related Skin and Soft Tissue Infections in Philadelphia

Caleb Michael Hearn, Master of Public Health, Health Management & Policy

ILE project: Epic@Jeff

Jenna Leigh Helton, Master of Public Health, Epidemiology

ILE project: Implications of the Affordable Care Act: Determining Access to Mental Health Services Before and After the ACA through NHANES Data Among U.S. Adults Aged 18-64 with Self-Reported Depression

Elke Samantha Hess, Master of Public Health, Epidemiology

ILE project: Environmental Tobacco Smoke Exposure and Childhood Obesity

Rebecca Anne Hosey, Master of Public Health, Health Management & Policy

Jintong Hou, Master of Science, Biostatistics

Data Analysis Project: Relationship Between Total Oxytocin Dose and the Risk of Primary Cesarean Section Among Low-Risk Women

Adam Howsare, Master of Public Health, Executive Program

Independent Study: Behavioral Differences between MSMs and MSMWs Diagnosed with Syphilis in Philadelphia and Potential Risks for Women

Areej Hamid Haj Ali Idris, Master of Public Health, Epidemiology

ILE project: A Comparative Analysis of Hypertension Medications Effects on the Incidence of Coronary Heart Disease in Postmenopausal Women

Thomas Michael Jackson, Master of Public Health, Health Management & Policy

ILE project: Promoting Adolescent Student Health: Health Program Implementation in Philadelphia's Public Schools

Siddharth Tulsidas Jogi, Master of Public Health, Epidemiology

ILE project: Perceived Parental Involvement and Suicide Ideation among Adolescents

Lana Johnson, Master of Public Health, Executive Program

Independent study: New Pathways to Recovery Project

Dnyanada Shekhar Kadav, Master of Public Health, Epidemiology

ILE project: Does maternal smoking influence low birth weight in newborns, using PRAMS 2016-2017

William Patrick Kaiser, Master of Public Health, Executive Program

Independent Study: Safe Injection Site Advocacy and Practice

Akhil Tej Kantipuly, Master of Public Health, Community Health & Prevention

ILE project: The Pool Room

Shannon N. Kelleher, Master of Public Health, Epidemiology

ILE project: Examining Non-Response Characteristics in the New York City (NYC) Community Health Survey (CHS)

Jacob L. Kerns, Master of Public Health, Health Management & Policy

Eun Jung Kim, Master of Public Health, Epidemiology

ILE project: The Epidemiologic Paradox: An Analysis on the Importance of Health Behaviors and Chronic Condition Severity to Address the Health Migrant Effect

Kayla Mae Knowles, Master of Public Health, Community Health & Prevention

ILE project: Best Practices for Design, Implementation and Evaluation of Adolescent mHealth HIV Prevention Interventions

Ashley Krumenacker, Master of Public Health, Executive Program

Independent Study: Lean Six Sigma Green Belt Certification

Alex Christopher Lang, Master of Public Health, Health Management & Policy

Folasshade Laud-Hammond, Master of Public Health, Executive Program

Independent Study: PHMC Strategic Plan 2020: Recommendations for Thought Leadership Pillar: "New Evidence to Advance Public Practice"

Katherine Regan LaWall, Master of Public Health, Epidemiology

ILE project: The Effect of PM2.5 and Traffic Density on Childhood Asthma Exacerbation

Kevin O. Leacock, Master of Public Health, Executive Program

Casey Leech, Master of Public Health, Environmental & Occupational Health

ILE project: Anthrax Risk Communication: From Action to Recovery

Ran Li, Master of Science, Biostatistics

Data analysis project: Acknowledging Uncertainty in the Associations Between PM2.5 and Life Expectancy in Small Areas of U.S. Cities

Connor Michael Lightcap, Master of Public Health, Executive Program

Independent Study: Weight Loss Versus Weight Neutral Nutrition Education: The Need for a Shift in Framework

Jessica L. Lipkin, Master of Public Health, Executive Program

Independent Study: Policy Proposal: Drug Checking Tools: Why Changing [State's] Drug Paraphernalia Law Promotes Public Health

Xavier Vincent Lofton, Master of Public Health, Executive Program

Independent Study: School District of Philadelphia Drinking Water Assessment

Kathryn Clare Loftus, Master of Public Health, Epidemiology

ILE project: Has Prevalence of Stroke and its Associated Risk Factors Changed Over Time in Young Adults?

Leah Rose Lombardi, Master of Public Health, Epidemiology

ILE project: Child restraint system use by sex and sociodemographic factors: A state-wide analysis of New Jersey

Emily Margaret Loughlin, Master of Public Health, Health Management & Policy

ILE project: FIMR/HIV Internship at Health Federation of Philadelphia: Developing a More Effective Tool for Data Collection and Analysis

Katie Lin-Chwen Luo, Master of Public Health, Epidemiology

ILE project: Hypertension and the Risk of Incident Alzheimer's Disease in Postmenopausal Women

Adya Imani Maddox, Master of Public Health, Health Management & Policy

ILE project: Addressing Adolescent Reproductive Health Outcomes in Philadelphia

Cameron McConkey, Master of Public Health, Executive Program

Jennifer Mainville, Master of Public Health, Executive Program

Independent study: Acceptability Analysis of the Mentoring Adolescent Mothers at School (MAMAS) Program

Edwin M. McCulley, Master of Science, Epidemiology

Data analysis project: Do the Scaling Properties of Years of Life Lost Vary by City Definition?

Kelly Colleen McLaughlin, Master of Science, Epidemiology

Data analysis project: Safety Climate and Injury Outcomes in U.S. Fire Departments

Tara McWilliams, Master of Science, Biostatistics

Data analysis project: A Spatial Analysis of Asthma and Ozone in Philadelphia County

Hetali Amar Mehta, Master of Public Health, Health Management & Policy

ILE project: Operational Excellence Internship at Jefferson University Hospital

Nicole Lynn Mertz, Master of Public Health, Community Health & Prevention

ILE project: All of Us--Iran Right to Health Advocacy Campaign

Rohit Kumar Mukherjee, Doctor of Medicine and Master of Public Health

ILE project: Overdose Prevention Site Acceptability among Residents and Businesses Surrounding a Proposed Site in Philadelphia, USA

Lauren Christine Overton, Master of Public Health, Health Management & Policy

ILE project: Hospital Operations

Amishi Parekh, Master of Public Health, Health Management & Policy

ILE project: Epic@Jeff

Bhoomiben Patel, Master of Public Health, Environmental & Occupational Health

ILE project: Built and Social Environment and Cancer: A Systematic Review

Magalie Perez, Master of Public Health, Executive Program

Independent Study: Introducing Social Determinants of Health and Behavioral Health Screening Tools at Congreso Health Center: A Primary Health Care Center Treating Predominantly Latino Patients

Paige Victoria Llorens Persons, Master of Public Health, Executive Program

Ellen Louise Pighini, Master of Public Health, Health Management & Policy

Valerie Christine Pineiro, Master of Public Health, Community Health & Prevention

ILE project: Nexplanon Use in Adolescent Urban Population (NAUP): STI Incidence, Side effects and Discontinuation Rates

Desiree Nicole Pinto, Doctor of Medicine and Master of Public Health

ILE project: Integrating Community Health Workers (CHWs) into Health Care Systems to Improve Population Health

Shannon Rose Pizzella, Master of Public Health, Health Management & Policy

ILE project: Addressing Health Through a Food Pharmacy

Paulina C. Pok, Master of Public Health, Executive Program

Independent Study: Lean Six Sigma Green Belt Healthcare Professional Certification

Vasudha Shankar Ravishankar, Master of Public Health, Epidemiology

ILE project: Food Insecurity and Children Receipt of Care

Alexus Dominique Reynolds, Master of Public Health, Epidemiology

ILE project: Screening for Adrenal Insufficiency in Asthma Patients on High Dose Inhaled Corticosteroids

Farren Rodrigues, Master of Public Health, Community Health & Prevention

ILE project: How do the attitudes, discussions, and social support reported by adolescent girls and their social network contacts effect the adolescent girl's decision to support or abandon FGM.

Hazel Romona Rogers, Master of Public Health, Health Management & Policy

ILE project: The Joint Commission: Continued Survey Readiness

Jennifer Lynn Rokhsar, Master of Public Health, Epidemiology

ILE project: A deterministic model of T. cruzi transmission dynamics: exploring the potential for xenointoxication

Reeta Saini, Master of Public Health, Environmental & Occupational Health

ILE project: Asthma Rates in Philadelphia Neighborhoods in Proximity to Green Space

Hannah E. Savage, Master of Public Health, Health Management & Policy

ILE project: Evaluating the innovation ecosystem to design a non-profit outreach strategy

Christine Schofield, Master of Public Health, Executive Program

Independent Study: Hepatitis C Treatment: Expanding Access to Care

Kyle Andrew Seeley, Master of Public Health, Health Management & Policy

ILE project: Enhancing Curriculum for After School Soccer

Madison Anne Sehn, Master of Public Health, Community Health & Prevention

ILE project: Closing Care Gaps with Trinity Health

Stephanie L. Seiffert, Master of Public Health, Executive Program

Rachel Elizabeth Seitz, Master of Public Health, Health Management & Policy

ILE project: Financial Impacts of Diagnosis Reporting Practices in Medicare and Medicare Advantage

Risho Singh, Master of Public Health, Epidemiology

ILE project: Descriptive experience of biomarker testing between African-American and Caucasian men within the Pennsylvania Urologic Research Collaborative

Anya Slizik, Master of Public Health, Health Management & Policy

ILE project: Opioid program

Emily C. Snowden, Master of Public Health, Health Management & Policy

Allyson Steinberg, Master of Public Health, Health Management & Policy

ILE project: Compliance at HPP

Emma Jane Stinson, Master of Public Health, Epidemiology

ILE project: Association Between Neighborhood Level Factors and Usage of a Public Bikeshare System

Kim M. Strohmaier, Master of Public Health, Executive Program

Independent Study: Association between Frequent Nurse Contact and Successful Smoking Cessation in People Living with HIV

Tianyu Sun, Master of Science, Biostatistics

Data analysis project: Potential Benefits of Forest Cover: Mitigation of Heat-Related Mortality in Pennsylvania

Christine Thach, Master of Public Health, Executive Program

Independent Study: Arts and Trauma Programs for Adults and Children/Youth: Considerations for the Joseph J. Peters Institute

Terry Thompson, Master of Public Health, Community Health & Prevention

ILE project: Qualitative Methodological Approach to disseminating motivational approaches across individuals and settings: Housing Inequality among former inmates

Dimas Javier Tirado-Morales, Master of Public Health, Executive Program

Independent Study: Children's Crisis Treatment Center (CCTC) Educational Consulting Project

Samantha Rachel Trainor, Master of Public Health, Health Management & Policy

ILE project: Wills Eye Discharge Time Study

Alexandra Brooke Trautman, Master of Public Health, Community Health & Prevention

ILE project: Mixed method data analysis on contraception and PrEP preferences of women who inject drugs

Lauren Ashley Trumbull, Master of Public Health, Community Health & Prevention

ILE project: Exploring the Impacts of the METWorks' WorkReady Program

Danielle Lynn Uibel, Master of Public Health, Environmental & Occupational Health

ILE project: Impact of Ambient Extreme Heat on Pediatric Morbidity – A Systematic Scoping Review

Hyo-Bin Um, Doctor of Medicine and Master of Public Health

ILE project: Preventing Gestational Diabetes Mellitus with Antenatal Inositol as an Alternative Intervention

Revathi Varanasi, Master of Public Health, Epidemiology

ILE project: Assessing Impacts of Soil Lead on Children's Blood Lead Levels and Possible Interventions for More Highly-Impacted, Higher-Risk Areas

Swathi Veeravalli, Master of Public Health, Health Management & Policy

ILE project: El Escalation Project

Gary Jason Wang, Master of Public Health, Executive Program

Independent Study: A Proposal for Improving the Cycle Time of Routine Monitoring Trip Reports from Site Contact to Internal Report Approval – Applying the Six Sigma Method

Tainessa Michelle Ware, Master of Public Health, Executive Program

Emily Jean Waterman, Master of Public Health, Epidemiology

ILE project: A descriptive analysis of birth parent/infant pairs in the Philadelphia Perinatal Hepatitis C Program, 2016-2018: Treatment outcomes, deaths and intrapartum characteristics

Lauren Scott White, Master of Public Health, Environmental & Occupational Health

ILE project: Respiratory Vulnerability to fire smoke in North America: Who is most at risk?

Casey A. Whitman, Master of Science, Biostatistics

Data analysis project: Examining Mediation by Placental Morphology in the Relationship Between Prenatal Oxidative Stress and Autism

Asia Austria Williams, Master of Public Health, Health Management & Policy

ILE project: Quality Improvement in Critical Care Dashboards

Dominique Wilson-White, Master of Public Health, Executive Program

Independent Study: Poor Ambient Air Quality and Adverse Pregnancy Outcomes: A Systematic Review

Paola Xhuli, Master of Public Health, Health Management & Policy

Yang Xu, Master of Science, Biostatistics

Data analysis project: Examining the Impact of Adverse Childhood Experiences on Depression in a Hospital-Based Violence Intervention Program in The Presence of Significant Missing Data

Yuwen Xu, Master of Science, Biostatistics

Data analysis project: Examining the Impact of Adverse Childhood Experiences on Depression in a Hospital-Based Violence Intervention Program in The Presence of Significant Missing Data

Kenna D. Yadeta, Master of Public Health, Community Health & Prevention

ILE project: Promotion of Black Women's Health through Community and National Collaborations

Heba Yusuf, Doctor of Medicine and Master of Public Health

ILE project: Factors Associated with Postpartum Depression in Neonatal Intensive Care Unit Mothers

Yaning Zhang, Master of Public Health, Epidemiology
ILE project: The Inflammatory Bowel Disease and Smoking

Caichen Zhong, Master of Public Health, Epidemiology
ILE project: Evaluation of placental morphological abnormalities in ASD and developmental delays

Jiayi Zhu, Master of Public Health, Health Management & Policy

Eliza R. Ziegler, Master of Public Health, Health Management & Policy
ILE project: Findings on Neighborhood Indicators of Child Welfare Involvement Study

Claudia Alexandra Zumaeta Castillo, Master of Public Health, Community Health & Prevention
ILE Project: CRiSOL (Cultivating Resilient and Strong Opinion Leaders/Comunidades Resilientes, Sostenibles y Organizadas por Lideres)

UNDERGRADUATE DEGREES

Breonna La Trice Bingham, Bachelor of Science
Capstone project: Assessing the need for Mental Health Services in Low-income African Americans in Philadelphia, PA

Anna Louise Bostwick, Bachelor of Science
Capstone project: Strokes and Misdiagnosis: A Public Health Approach

Frank Joseph Cottone, Bachelor of Science

Caroline McGarry Cummings, Bachelor of Science
Capstone project: Addressing Anxiety and Depression in Youth Populations: A Holistic Approach

Ngan Do, Bachelor of Science

Alexandra Elisabeth Eastus, Bachelor of Science
Capstone project: HIV, Conflict, and Instability: Yemen's Shattered National HIV Care Continuum

Chinualumogu Amakonze Ezike, Bachelor of Science
Capstone project: Bipolar Disorder: Impacts on the Individual and Family over the Lifecourse

Mark Fedak, Bachelor of Science
Capstone project: The Opioid Epidemic

Jean Theresa Gleason, Bachelor of Science
Capstone project: The Effects of Heat Stress on Migrants and Refugees

Aditya Kalvani, Bachelor of Science

Kefei Li, Bachelor of Science
Capstone project: Emerging Infectious Disease Preparedness and Response from the Lesson: COVID-19 (SARS-COV-2)

Tai-Yu Liu, Bachelor of Science
Capstone project: Applying the Past Experiences Against COVID-19 and Understanding Black Swans and Grey Rhinos to Face the Unknown Viruses in the Future

Hannah Claire McCausland, Bachelor of Science

Capstone project: A Case Study of Exercise Addiction: Progression, Measurements, Determinants, Co-Morbidities, and Treatment

Mariah Rose Menanno, Bachelor of Science

Capstone project: HIV Infections Amid Venezuela's Humanitarian Crisis: An Overview

Sarah Meyer Mitchell, Bachelor of Science

Capstone project: Improving Health Literacy in Older Adults

Emily A. Nordgren, Bachelor of Science

Danielle Nicole Pryor, Bachelor of Science

Capstone project: The Epidemiology of Sepsis After a Traumatic Injury

Alexandria Isbel Reguinga, Bachelor of Science

Capstone project: Transportation and Climate Change Needs Assessment for Philadelphia

Francesca Elizabeth Speiss, Bachelor of Science

Capstone project: The Maryland Model: A Case Study of Maryland's Innovative Healthcare Model

Mary Corinne Steele, Bachelor of Science

Capstone project: Ethics: "Living" on Life Support

Myla A. Waller, Bachelor of Science
