

Gainful Employment Disclosures – 2019

Program Name: Integrated Nursing Care of Autism Spectrum Disorder (ASD) Certificate

This program is designed to be completed in 1 year

This program will cost \$12,504.00 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting but may have changed.

Of the students who completed this program within normal time, the typical graduate leaves with some debt. However, statistics are not available since all Title IV students who graduated during this reporting period were concurrently enrolled in another regular degree program. Please contact Drexel Central for more information.

The following States do not have licensure requirements for this profession: No known state licensure requirements at this time.

Program statement: This certificate program focuses specifically on the *integrated care* of the complex health problems of people affected by autism spectrum disorder, as well as the collaborations among patients, families, and healthcare providers. The program prepares students to pursue a highly innovative role in an area of practice in which the value of nursing care needs to be developed. Graduates of the certificate program will reshape how care is provided to people with ASD in multiple settings across the lifespan.
