

Gainful Employment Disclosures – 2019

Program Name: Music Therapy (PMC) Certificate

This program is designed to be completed in 3 years

This program will cost \$53,340 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed.

Typical Graduate Debt Level: Fewer than 10 students completed this program within normal time. This number has been withheld to preserve the confidentiality of the students.

The following States do not have licensure requirements for this profession: No licensure requirements are known at this time

Note: The Post-Master's Certificate (PMC) in Music Therapy is designed for students who hold a Master's degree in mental health counseling, and want to make the transition to Board Certified Music Therapist, or integrate Music Therapy approaches into their counseling practice. Students who successfully complete the certificate program are eligible for Board Certification through the Certification Board for Music Therapist, a nationally recognized and transferable credential. While an undergraduate degree in Music Therapy or a music-related field is not required to be eligible for the PMC in Music Therapy, applicants must pass a music audition. Upon review of applicant's transcript, additional coursework may be required to meet board certification requirements.
