Please select and provide ONE of the following documents that indicate your high school completion status at the time you will begin college for the 2018–2019 academic year:

- A copy of your high school diploma
- A copy of your final official high school transcript that shows the date when the diploma was awarded
- A copy of your General Education Development (GED) certificate or transcript
- An academic transcript indicating that you successfully completed at least a two-year program that is acceptable for full credit toward a bachelor's degree
- A copy of the secondary school completion credential (other than a high school diploma or its recognized equivalent) for a homeschooled student, if state law requires the student to obtain one
- A transcript or the equivalent signed by your parent or guardian that lists the secondary school courses you completed if state law does not require a homeschooled student to obtain a secondary school completion credential for homeschool (other than a high school diploma or its recognized equivalent). The transcript or equivalent must document the successful completion of a secondary school education in a homeschool setting.
- A copy of DD form 214 (DD-214, Certificate of Release or Discharge from Active Duty). This is only accepted when a primary document (high school diploma, GED certificate, etc.) is unavailable. The DD-214 must indicate that you are a high school graduate or equivalent, which is noted on Question 15b on Member Copy 1, 2, or 4.
