Application for Senior Privilege Exam

Senior Privilege affords a one-time opportunity for graduating students to take an additional final exam to make up a failing grade in a course required for graduation. The senior privilege does not exempt students from attending class and/or taking final exams in courses for which they are enrolled during their last term of senior year.

The following criteria apply:

- The student must have been in class (not on co-op) during the term in which the course was taken.
- The failing grade must have been incurred during the period in which the student is classified as a senior, and the failing grade must not have been assigned as a result of any academic dishonesty.
- Senior Privilege may only be invoked once during an undergraduate career.
- The student's permanent record will account for the fact that the student took the course two different times. Furthermore, the grade earned each time will appear on the record and both grades will be included in the GPA calculation.
- The make-up exam used to enact Senior Privilege must be taken during the second day of the final exam week.
- The grade for the make-up exam for Senior Privilege must be reported to the Office of the University Registrar by the last day of the term in which the student applied to graduate in order to clear students for the degree term.
- Please contact uc-academic-records@drexel.edu with any questions regarding the policy or procedures of the senior privilege exam.
