

BUSINESS AND ENTREPRENEURSHIP

AT DREXEL UNIVERSITY

DREXEL UNIVERSITY
PHILADELPHIA, PA

Because Innovation Can't Wait

A NOTE FROM OUR SENIOR VICE PRESIDENT FOR ENROLLMENT MANAGEMENT

Are you focused on developing as a leader? Do you have an interest in using business skills along with entrepreneurial thought and action to transform the world? If so, the business, entrepreneurship, and management programs at Drexel University might be right for you. A Drexel education will give you a distinctive edge over your peers in these competitive and adventurous industries.

Drexel is a premier global R-1 level research institution that has been preparing students through practical and experiential education for over 125 years. Our innovative model of learning pairs world-class academics with real-world experience, uniquely preparing students to thrive and excel in their fields.

Having served as a successful blueprint of career training since 1919, our cooperative education program (known as co-op) provides students with the opportunity for professional work before graduation. Drexel Dragons experience their chosen industries with the leaders of today and gain the necessary firsthand knowledge to become the leaders of tomorrow. Students leave our doors on graduation day with a full understanding of the path they have chosen.

This is a place that will allow you to develop your skills and encourage you to use them for the greater good. Utilizing academic and volunteer-based partnerships with our community, our students are among the most engaged students in the nation. They are not only making an impact on campus but also in the city of Philadelphia and around the world through academics, service, and leadership.

At Drexel, you can make your mark on the world. I encourage you to explore our business, entrepreneurship, and management programs – along with everything else this great University has to offer you.

Sincerely,

Evelyn K. Thimba
Senior Vice President for Enrollment Management
Enrollment Management & Student Success

32nd and Market streets

01 BUSINESS

Society needs organizers, thoughtful leaders, and communicators to drive the global marketplace. Without effective business innovation, we would not have the improved quality of life that we enjoy today. Behind the creation of people's favorite brands and products are the talented individuals making decisions and taking risks. Whether your interest lies in human resources, marketing, or corporate finance, a Drexel education will position you for success in this highly competitive field.

Business professionals strive to meet and anticipate the needs of an ever-evolving market. From day one at Drexel, you'll be immersed in constructive coursework that emphasizes analytic thinking and hands-on learning. Through diverse experiences and unique opportunities that incorporate data analysis, creative testing, and strategic execution, you'll develop practical leadership and team-building skills as you choose your path. Our cooperative education system will blend your classwork with firsthand experience, placing you side-by-side with industry professionals as you explore the interconnection of business, culture, and society — all before you graduate.

By the time you receive your degree, you'll have gained unmatched experience that will set you ahead of the curve. Through Drexel's business programs, you can use your newfound skills to make an impact in the world around you. Learn more about our business programs at drexel.edu/academics.

ENTREPRENEURSHIP

Consumers can't benefit from the labor of leadership and organization if there's no product to work with. The ability to find an unfilled space in the marketplace is a talent that not everyone possesses. Those who pioneer entrepreneurial ideas are determined to share their unique vision with the world. At Drexel, your creative skills will be honed and refined in order to build your legacy of developing new solutions to meet the needs of tomorrow.

Through an innovative curriculum, dynamic programming, and connection to prominent thought leaders, you'll learn to be a self-starter who thrives in any industry. Courses such as "Ready, Set, Fail" and "Launch It" will give you invaluable insight into the challenges of the business world as well as the opportunity to fail in a controlled, supportive space, learning from your mistakes as you imagine the building blocks of your startup. With out-of-the-classroom experiences, mentor support, an on-campus incubator space, and our annual Startup Fest, you'll tackle issues facing nonprofits, community development, or sustainability.

Drexel's Entrepreneurship Co-op allows you to launch or accelerate the growth of your own venture with up to \$15,000 in funding as you are mentored by industry-specific entrepreneurs. By the time you graduate, you will have already gained real-world experience and progressed your business venture, ready to take on the world. Learn more about our entrepreneurship program at drexel.edu/academics.

MANAGEMENT

Drexel Co-op, SAP America

Inventors, marketers, and sales representatives rely on a structured system to direct their focus. Effective organization requires leadership and strategic planning that is crucial for Fortune 500 companies, nonprofits, and startups to enhance and support the success of their efforts.

Whether your goal is to manage commercial real estate properties, improve the efficiency of a global supply chain, or bring order to the functionality behind hotel operations, Drexel allows you to strengthen and apply your classroom learning with mentorship from top management professionals and leaders in your field. Our unique curriculum prepares you for your future through case study competitions, business simulations, international travel, networking events, and student organization leadership.

This combination of traditional learning and hands-on experience will not only prepare you to excel after graduation but will allow you to cultivate your ability to lead. Learn more about our management programs at drexel.edu/academics.

COLLEGES

LEBOW COLLEGE OF BUSINESS

LeBow provides students with the knowledge, skills, and confidence to succeed in highly competitive business-related fields, and also houses the School of Economics. Students at LeBow will build a strong foundation, which includes tackling industry challenges and receiving personalized attention from faculty who are leaders in their fields and bring their industry research back into the classroom. With programs that emphasize analytical thinking and hands-on learning, students begin preparing for their futures now.

CLOSE SCHOOL OF ENTREPRENEURSHIP

The Close School has pioneered an approach to entrepreneurship education that teaches students to be entrepreneurial thinkers and doers. At the Close School, entrepreneurship is more than starting a company; entrepreneurship is a habit of mind, a skill set applicable in personal and career contexts. The Close School prepares students for the 21st-century workforce, which will include experiences in new ventures, self-employment, corporate innovation, and the development of impactful social enterprises.

Chestnut Street

COLLEGE OF ENGINEERING

The College of Engineering is an academically comprehensive, globally engaged institution that prepares students for research and leadership in fields like civil, architectural, computer and cybersecurity, mechanical, materials, and chemical engineering, and more. Through renowned faculty who engage in their own translational research, students connect to the world around them and to the exciting advances that target and solve society's greatest challenges.

COLLEGE OF NURSING AND HEALTH PROFESSIONS

The College of Nursing and Health Professions prepares students to become successful clinicians and health professionals who excel in a rapidly changing health care system. Students build strong professional foundations as they engage in hands-on experiential learning, and through mentorship of expert faculty and experienced leaders in health care, research, and practice, they are equipped to lead the way in improving health, reducing health disparities and guiding the next generation of nursing and health care professionals.

SCHOOL OF ECONOMICS

The School of Economics is ranked among the best in the world for research on international trade, with leading faculty scholars in banking, monetary and fiscal policy, and industrial organization. Members of the faculty have published in the *American Economic Review*, *RAND Journal of Economics*, *Review of Economics and Statistics*, and more. Housed within the LeBow College of Business, the School of Economics is a well-established discipline in curricula and instrumental in business solutions.

WESTPHAL COLLEGE OF MEDIA ARTS & DESIGN

With 12 nationally ranked programs, Westphal prepares students to succeed in highly competitive art, design, and media fields. Students at Westphal are encouraged to collaborate across disciplines within the College and with other units at Drexel to produce innovative, creative work and scholarship, and to be entrepreneurial. Programs are largely studio-based with an emphasis on practical application of design and media-making skills, business acumen, and creative problem solving.

LEBOW COLLEGE OF BUSINESS & SCHOOL OF ECONOMICS

Housed in Gerri C. LeBow Hall on our University City Campus, the college features resources for interdisciplinary experience. A few highlights include:

- **Drexel Solutions Institute**, which fosters connections with industry to provide interdisciplinary learning projects, cutting-edge curricula, and valuable co-op opportunities.
- **Dornsife Office for Experiential Learning**, which provides practical opportunities for project-based learning and an understanding of business problem solving.
- **Center for Business Analytics**, which enables student participation in data-driven industry collaboration and the application of analytics across industries.
- **Institute for Strategic Leadership**, which provides a hands-on approach to understanding leadership trends and behaviors through experiential learning and real-world connections.
- **Trading Lab**, a technology lab with Bloomberg Terminals that is home to The Dragon Fund, a student-managed equity portfolio that oversees \$2.25 million.

CLOSE SCHOOL OF ENTREPRENEURSHIP

Close features many resources to encourage the entrepreneurial spirit. A few highlights include:

- **Baiada Institute for Entrepreneurship**, open to all Drexel students, the Baiada Institute provides the physical space, mentoring, and resources to start a business.
- **“Launch It!” Course**, a course where students build their company based on the lean startup methodology and can earn potential funding.
- **Entrepreneurship Co-op**, a co-op experience open to all Drexel students where they can earn \$15,000 in funding to run their own business with space in the Baiada Institute and dedicated mentors.

COLLEGE OF ENGINEERING

The College is located on our University City campus in the Bossone Research Enterprise Center. A few highlights include:

- **The Innovation Studio**, a 20,000-square-foot makerspace combining design and fabrication where first-year engineering students begin doing hands-on engineering design as early as their first day.

FACILITIES & RESOURCES

- **A.J. Drexel Nanomaterials Institute (DNI)**, the College's newest lab, is one of the best equipped in the world for the synthesis, characterization and electrochemical testing of novel materials, with room for up to 50 researchers.

WESTPHAL COLLEGE OF MEDIA ARTS & DESIGN

Westphal is centrally housed in the award-winning URBN Center, a space that fosters collaboration across disciplines. A few highlights include:

- **MAD Dragon Records**, an award-winning and nationally distributed student-run record label, which boasts a new \$4 million recording studio outfitted with industry-leading technology.
- **WKDU**, Drexel's award-winning college radio station that is entirely student-run.
- **Leonard Pearlstein Gallery**, a 3,500-square-foot space that features upcoming contemporary exhibitions of painting, sculpture, photography, and more.

COLLEGE OF NURSING AND HEALTH PROFESSIONS

The college is located on our Center City Campus and has many resources that reinforce best practices in health care. A few highlights include:

- **Stephen and Sandra Sheller 11th Street Family Health Services at Drexel University**, a health center where nursing, nutrition sciences, behavioral health counseling, health sciences, and health administration students learn from the nurse leaders and clinicians.
- **Center for Interprofessional Clinical Simulation and Practice**, which allows students to safely practice patient interactions and care in clinical settings on computerized manikins and standardized patient actors, enhancing students' skills prior to real patient contact.
- **The Human Anatomy Laboratory**, which provides a unique hands-on learning experience for undergraduate and graduate students taking human anatomy courses.
- **Food Analytical Lab**, a lab space incorporating food analysis that is utilized for upper-level food science coursework.

EXPERIENTIAL LEARNING

In 1891, A.J. Drexel founded this University with the dream to establish an institution that would fully prepare its students to excel in their future careers. To meet his vision, Drexel has developed a model of learning that takes students beyond the typical collegiate experience by combining world-class academics with real-world application. Our students are challenged to apply what they've learned in the classroom by working alongside mentors and industry professionals who push the boundaries of knowledge and achievement.

As a leading research institution, Drexel carries a long and storied history of innovation. Here, you'll not only assist faculty and staff with major projects, but you'll also have the opportunity to take the lead in your own studies — including graduate-level research during your first year — in our state-of-the-art facilities and labs. You will be encouraged to ask important questions and consider how the answers you find impact the world around us.

For over 100 years, our curriculum has also featured our cooperative education program, which enables students to test-drive different careers while learning side-by-side with the leaders of their respective field. Through Drexel Co-op, students can build an impressive résumé and gain up to 18 months of professional work experience in the United States and globally at Fortune 500 companies, nonprofits, startups, a variety of governmental agencies, and more. The majority of co-ops are paid and, of those that are paid, the median paid six-month co-op salary is more than \$18,000. Co-op will allow you to explore your options and narrow down your interests, ensuring you are on a fulfilling career path that meets your needs and expectations. With each experience, you'll gain a unique working perspective that can't be found in any textbook, allowing you to serve as a knowledgeable resource for fellow classmates and professors, as well as inform classroom instruction moving forward.

The Steinbright Career Development Center, one of the largest collegiate co-op and career services teams in the world, sets you up for success at Drexel from day one. Whether you're looking for potential co-op employers, research opportunities, or post-graduate endeavors, Steinbright connects you to Drexel's constantly growing network of employers and industry leaders while also building your résumé and interview skills through workshops and information sessions. Our unique combination of world-class career services and dedicated counseling professionals will help guide you to discover your interests and develop your professional tools.

ENHANCED OPPORTUNITIES

At Drexel, learning goes well beyond the traditional classroom. We encourage our students to pursue different opportunities, such as studying abroad, immersing themselves in the local community, and developing their own course of study.

Honors Program: At the Pennoni Honors College, the Honors Program serves as a catalyst for enhanced intellectual exploration. Composed of curious and active learners, this program offers exclusive access to Philadelphia events, advising and mentoring, dedicated housing, and a Living Learning Community, along with specialized opportunities to complete service and develop leadership skills. Honors students in this program are scholastic ambassadors at Drexel, raising their academic experience to the next level.

Civic Engagement: We believe in the importance of giving back to local communities — there are always opportunities to make an impact and serve the community here. Students can get involved on campus through Drexel's Lindy Center for Civic Engagement and the Dornsife Center for Neighborhood Partnerships during community-based learning courses and volunteering for community service. But our impact doesn't stop there; our dedication reaches out globally to improve the world around us.

Custom-Designed Major: The Custom-Designed program is suited for highly motivated students whose interdisciplinary curiosity and ambition cannot be satisfied by a traditional major. This path enables you to pursue an individualized course of study in place of an existing major, either by developing a plan with your advisor or by combining existing majors and minors to match your career goals. As a student in this unique program, you'll be advised by staff from the Honors College and mentored by a Drexel faculty member who has expertise in at least one of the areas in your course of study.

Global Opportunities: These options include study abroad, international co-op, and more. All Drexel students can take advantage of study abroad, which enables them to live and learn in another country while immersing themselves in the culture. Using our worldwide connections, you can choose from six continents and 65 countries! International co-op takes study abroad one step further; students not only live in another country, but also gain work experience as they test-drive a potential career. Students currently on international co-op are working in over 44 countries.

A CONNECTED COMMUNITY

Philadelphia, Pennsylvania, is a revolutionary town founded on revolutionary thinking — much like the ambition Drexel students have for influencing change in the world. As the sixth largest city in the United States, the City of Brotherly Love is an extension of our campus and as a student here, you'll take full advantage of all it has to offer.

Philly culture is known for being as diverse as its many neighborhoods. From our University City Campus in the hub of Philadelphia's higher-learning community, it's easy to get to the stadiums in South Philly, take in some history in Old City, and enjoy the park in Rittenhouse Square. When you're not in classes, there is plenty to do, no matter how you like to spend your free time. Being in the fifth most walkable city in the country according to Walk Score has its perks: concerts, performances, restaurants, and athletic events are all easy to access.

Public transportation is just steps away from campus — it's easy to enjoy an authentic cheesesteak and then visit the famous Philadelphia Museum of Art. You will find that all areas of the city are interconnected by simple means of travel, and getting to historic sites around the city or connecting to various locations across the country is an easy task. Living in Philadelphia provides access to everything from farmers' markets in Lancaster County to ski and snowboarding locations in the Pocono Mountains to the best beaches in the Mid-Atlantic.

FIRST-YEAR APPLICATION PROCESS

There is no typical Drexel student. Our students are ambitious, curious, complex, and bold. Candidates are selected based on their ability to thrive in our unique academic environment and make contributions to our diverse community. Through a contextual and holistic review process, we carefully consider each applicant, evaluating their personal qualities, academic journey, and intellectual promise.

Application Deadlines

EARLY DECISION NOVEMBER 1

Early Decision is the perfect option for students who know Drexel is the number one school for them. This is a binding admission plan and, if admitted, students must withdraw all other active applications and commit to enrolling at Drexel.

EARLY ACTION NOVEMBER 1

Early Action means that students can apply by an earlier deadline to receive an admission decision sooner than students who apply Regular Decision. Early Action admission is not binding.

REGULAR DECISION JANUARY 15

Through the Regular Decision application process, students will receive a decision in early spring.

Submitting your Application

First-year student applications are accepted through either the Common Application or the Coalition Application.

drexel.edu/admissions/apply

Standardized test scores

Drexel requires standardized test scores from all first-year applicants, but we offer some flexibility in which test(s) will fulfill that requirement. For non-native English speakers, there may be additional testing requirements.

drexel.edu/undergrad/apply/freshmen-instructions/standardized-tests

Financial Aid

Financial aid is available to domestic and international students in the form of merit scholarships and need-based grants. There are a few applications you should learn about to maximize the financial aid you are eligible for, such as the Free Application for Federal Student Aid (FAFSA) and CSS Profile.

drexel.edu/undergrad/financing

Lancaster Walk

TRANSFER APPLICATION PROCESS

There are many reasons you may consider transferring to Drexel, and as you make your transition, we'll be here to help you every step of the way. Drexel has a vibrant and active transfer community. Qualified applications are considered on a rolling basis through all terms. Applications must be received one month prior to the start of the term for which you are applying.

Application Deadlines

STARTING TERM APPLICATION REVIEW BEGINS IN

Fall (September) December

Winter (January)* October

Spring (Late March/Early April)* November

*Not all majors enroll in our off-terms

Submitting your Application

Transfer students may submit applications through the Common Application or Drexel University's Admission Application.

drexel.edu/undergrad/apply/transfer

Financial Aid

Drexel offers competitive financial aid opportunities for transfer applicants. While students will be reviewed for scholarships during the admissions review process, we highly recommend filing the Free Application for Federal Student Aid (FAFSA) and CSS Profile as soon as possible to maximize their eligibility for support.

drexel.edu/undergrad/financing

VISIT

There are many different ways to visit Drexel University throughout the year, including Open Houses, daily visits, Transfer Tuesday and Thursday events, and more.

drexel.edu/admissions/visit

VIRTUAL TOUR

If you can't make it to campus, don't worry; our virtual tours will give you an insider's look into Drexel University. Whether you'd like to learn about restaurants in the area, what to do in University City, or even the best places to hear some local music, you can see it all through our virtual tours.
