You are eligible for Coverage under the Certificate. Coverage includes Dependent coverage.

Students must attend classes for the first thirty-one (31) days beginning with the first day for which coverage is effective. Any student withdrawing from the College during the first thirty-one (31) days after the Effective Date of coverage shall not be covered under the insurance plan. A full refund of premium will be made, minus the cost of any claim benefits paid by the Certificate. Students who graduate or withdraw from the College after thirty-one (31) days, whether involuntarily or voluntarily, will remain covered under the Certificate for the term purchased and no refund will be allowed.

Students withdrawing due to a medical withdrawal due to a Sickness or Injury, must submit documentation or certification of the medical withdrawal to Us at least 30 days prior to the medical leave of absence from the school, if the medical reason for the absence and the absence are foreseeable, or 30 days after the date of the medical leave from school. Students will remain covered under the Certificate for the term purchased and no refund will be allowed.

All International Students are required to have a J-1 or F-1 Visa and dependents have a J-2, F-2 or M-2 Visa to be eligible for this insurance plan.

We maintain the right to investigate eligibility status and attendance records to verify that the Certificate eligibility requirements have been met. If We discover that the Certificate eligibility requirements have not been met, Our only obligation is refund of premium less any claims paid.

Eligibility requirements must be met each time Premium is paid to renew Coverage.

Coordination of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one Plan.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans does not exceed 100% of the total Allowable expense.
Right of Recovery
If the amount of payments made by Our Agent or Us is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.
