### **Presenter Bios:**

Mr. Owens graduated from Drexel in 2003 with a BS in Chemical Engineering. He started his career in Biopharmaceuticals and has held various positions throughout his time as a process engineer. Chris currently serves as Vice President of Industrial Development for CDI Corporation an engineering firm which serves a variety of industries and business sectors.

Ms. Schwartz has helped companies achieve organizational effectiveness, improve performance, create more dynamic and better trained employees and managers, and create leaders using practical and creative methods. Her ability to develop award winning teams has helped organizations increase efficiency, increase sales, retain and develop talent, define new standards for service excellence and improve the bottom line.
