

DREXEL GLOBAL

A Summer Around the World

Summer study abroad offers a unique opportunity to experience the world while continuing your education. Whether you're taking courses in Seoul, sketching architecture in Florence, or building lifelong friendships in Hamburg, every day brings new and exciting opportunities.

This summer, Drexel students have been trying new foods, exploring different cultures, traveling to new places, and making memories they'll never forget. Read on to hear about some of their favorite experiences and the lessons they've learned along the way.

Student Spotlights

Titilope Dare

Accademia Italiana | Florence, Italy

Since arriving in Florence, Titilope has explored some of Italy's most iconic destinations, including Rome, Pompeii, Positano, and the Amalfi Coast. While she has loved traveling, some of her favorite moments have come from slowing down and getting to know Florence itself.

"Some of my favorite memories have come from simply walking around Florence without a plan and discovering hidden streets and beautiful views."

Christine Le

Seoul National University | Seoul, South Korea

Christine has spent her summer making the most of life in Seoul, from exploring Gyeongbokgung Palace to checking out cafés and pop-ups around the city. One of her favorite memories wasn't something she had planned at all.

"I went to see live local bands with my roommates, and even though I didn't know a single artist or song going in, it turned into one of the best nights of my trip."

Andrea Gadaleta

Florence, Italy | Playwriting '27

For Andrea, studying abroad has been a chance to experience a familiar country from a completely new perspective. One of her favorite discoveries has been the Giunti Odeon, a historic movie theater that was transformed into a beautiful bookstore.

"Italy is like a second home to me, so being able to explore on my own and come to a city I haven't visited yet is so thrilling!"

Faris Dababneh

Hamburg University of Applied Sciences | Hamburg, Germany

Faris says the past few months in Hamburg have felt like "an entire life" packed into one semester. Between classes, festivals, and trips across Europe, the people he's met have made the biggest impact on his experience.

"Arrive in your country with no expectations, no agenda, and embrace it with open arms."

Upcoming Deadlines

SPRING 2027 STUDY ABROAD

Applications Due September 1, 2026

- China: Hong Kong University of Science and Technology (HKUST) – Business
- China: Hong Kong University of Science and Technology (HKUST) – Engineering

Apply early and start planning your Spring 2027 study abroad experience!

Travel Tips

Before You Go:

Book trains and flights early for the best prices.

Comfortable walking shoes are worth every step.

Planning to shop? Leave room in your suitcase or plan to ship purchases home prior.

Say yes to new experiences, even if they weren't on your itinerary.

Spend time exploring your host city, not just nearby tourist destinations.
