STUDENT BENEFITS GUIDE
WHAT’S NEW FOR 2023:

VENDOR CHANGE
Drexel Student Health will be moving from Aetna to United Healthcare for medical, prescription drug, dental and vision coverages effective July 01, 2023. Additionally, rates will be decreasing for the upcoming plan year. United Healthcare will offer the same great coverage as Aetna has in years past. Based on our review, we believe United Healthcare will provide a vast network of providers to choose from, as well as excellent customer service.

ENHANCED BENEFITS
- The Medical/Rx plan deductible will now be $100 for individual utilizing in-network coverage and $350 for out-of-network coverage. This represents a decrease in last year’s deductible from last year’s plan with Aetna.
- A number of services are covered at a higher coinsurance with United Healthcare, resulting in less out of pocket costs for students.

STUDENT HEALTH CENTER BENEFITS
The Deductible and Copays will be waived, and benefits will be paid at 100% for Covered Medical Expenses when treatment is received at the Student Health Center.

NEW I.D. CARDS
Enrolled students will be receiving new I.D. cards.

PRESCRIPTION DRUG CHANGES
United Healthcare utilizes a tiered drug system: Tier 1, Tier 2, and Tier 3. Certain brand name drugs may fall into Tier 1 or Tier 2. Please visit United Healthcare’s Prescription Drug Formulary to see which tier your prescription(s) fall into.
ELIGIBILITY & HEALTH INSURANCE REQUIREMENTS

All full-time students must demonstrate proof of health insurance each academic year, by either waiving or enrolling in the Drexel Health Insurance Plan at the beginning of each academic year.

GOVERNMENT-SPONSORED STUDENTS:
Government-sponsored students whose home governments pay 100 percent of tuition and insurance are potentially eligible. (If your government sponsor only supplies funds to purchase a plan of your choice, you cannot waive. Your government must pay for the insurance directly, and the insurance provided must be a US-based plan.).

STUDENTS WITH U.S.-BASED MEDICAL INSURANCE PAID BY AN EMPLOYER
Students with U.S.-based insurance due to their employment, or their parents’ or spouses’ employment, might also be able to waive.

INTERNATIONAL GRADUATE STUDENTS
All full-time students are required to demonstrate proof of health insurance each academic year. Students can demonstrate proof of insurance through a waiver process or enrolling in the Drexel-sponsored plan.

ONLINE STUDENTS
All full-time Drexel Online students are required to demonstrate proof of health insurance each academic year. Students are able to demonstrate proof of insurance through a waiver process or enroll in the Drexel-sponsored plan.

VETERAN STUDENTS
All student-veterans are required to demonstrate proof of health insurance each academic year. Students are able to demonstrate proof of insurance through a waiver process or enrolling in the Drexel-sponsored plan. For student-veterans, the military insurance is a form of acceptable coverage, and if you decide to waive the Drexel Student Health Insurance Plan, you can go to Aetna’s website and use your Tricare card to demonstrate proof of coverage. You can also bring your military ID to the Office of Health Insurance and Immunizations in the Creese Student Center, Suite 215 to waive the Drexel Student Health Insurance Plan by the deadline date.

If you do not waive or enroll in Drexel’s Student Health Insurance Plan by the deadline, then you will be default enrolled into the plan and the premium amount will be placed on your University bill. Once this premium amount is added, it cannot be removed.

FULL-TIME DOMESTIC UNDERGRADUATE AND GRADUATE STUDENTS:
All full-time domestic students are required to demonstrate proof of health insurance each academic year. Students can demonstrate proof of insurance through a waiver process or enrolling in the Drexel-sponsored plan.

INTERNATIONAL UNDERGRADUATE STUDENTS:
International undergraduate students will be default enrolled into the Drexel University Dragon Plan. The premium amount for this plan will be placed on your student account.

The only plan accepted in lieu of this plan will be Government-Sponsored Coverage. If you have a government-sponsored insurance plan, you must submit proof of this once you arrive at the University by bringing a copy of your sponsored health insurance card to our office in Creese Student Center, room 215, by the posted deadline date. **It is your responsibility to do this, and if you do not bring this verification to our office by the compliance deadline date, the premium amount will remain on your student account, and you will be responsible for payment. This process must be completed each academic year.**
HOW TO ENROLL / WAIVE
STUDENT HEALTH INSURANCE

IMPORTANT INFORMATION FOR INCOMING AND RETURNING STUDENTS FOR THE 2023–2024 ACADEMIC YEAR:
To comply with the University’s Health Insurance Policy, please go to Drexel’s UnitedHealthcare page to waive or enroll beginning July 15.

REQUIREMENTS FOR WAIVING DREXEL STUDENT HEALTH INSURANCE COVERAGE
To successfully waive the Drexel coverage, your plan must meet the following requirements:

- My plan provides coverage for emergency, non-emergency, inpatient and outpatient care in the Drexel University area (emergency only care does not satisfy the requirement).
- My plan provides coverage for Mental Health & Substance Abuse in the Drexel area.
- My plan offers a policy year maximum of at least $500,000 in coverage.
- Plans must be provided by a company licensed to do business in the United States — with a U.S. claims payment office and a U.S. phone number.
- My plan provides coverage for pre-existing conditions immediately upon enrollment.
- My plan will cover me for the full academic year.
- My plan is not a reimbursement plan. (A reimbursement plan requires you to pay for all services up front and out of pocket.)

HOW TO WAIVE THE DREXEL HEALTH INSURANCE

- Please scan and email the Health Insurance and Immunizations office the front and back of your health insurance card with your full name, student ID#, and notate that you are a summer start on the copy for processing.
- Please email your insurance waiver requirements to healthimmu@drexel.edu.

COINSURANCE
A percentage of the cost of a service that you must pay to the provider for that service.

COPAYMENT (COPAYS)
A dollar amount that you pay to the doctor at your visit.

DEDUCTIBLE
The amount of eligible expense a covered person must pay each year out of pocket before the plan will pay.

DRUG FORMULARY
A list of prescription medications preferred for use by the health plan and dispensed through contracted pharmacies to covered persons.

EXCLUSIONS
Specific conditions or circumstances the policy or plan will not cover or reimburse.

FACILITY
A physical location where health care or services are provided, such as a hospital, clinic, emergency room or ambulatory care center.

GENERIC DRUG
A generic drug is less expensive than a brand name drug and sold under a common or "generic" name for that drug. Also called generic equivalent.

INPATIENT
An individual who has been admitted to a hospital as a registered bed patient for at least 24 hours and is receiving services under the direction of a physician.

MAXIMUM OUT-OF-POCKET COSTS
The limit on total member copayments, deductibles and coinsurance under a benefit contract.

NETWORK PROVIDER
A provider who has contracted with the health plan to deliver medical services to covered persons. The provider may be a physician, hospital, pharmacy, other facility or other health care provider. Also known as network or participating provider.

OUT-OF-NETWORK (OON)
Coverage for treatment by a non-contracted provider. Typically, it requires payment of a deductible and higher copayments and coinsurance than for treatment from a contracted provider. Some health plans do not offer benefits for out-of-network treatment, except in emergencies.

OUTPATIENT
A person who receives health care services at a hospital or free-standing surgical center without being admitted to a hospital.

PREMIUM
The amount paid by member to a carrier for providing coverage under a contract.

PREVENTIVE CARE
Health care emphasizing priorities for prevention, early detection and early treatment of conditions, generally including routine physical examination, immunization and well-person care.

PRIMARY CARE
Basic or general health care, traditionally provided by family practice, pediatrics and internal medicine practitioners.

PROVIDER
A physician, hospital, group practice, nursing home, pharmacy or any individual or group of individuals that provides a health care service.

URGENT CARE
An alternative to hospital emergency department care for use in non-emergencies. Used when health conditions are urgent, but are not health- or life-threatening.
