EndNote Flavors

EndNote Online

- Cloud-based
- Good functionality
- Free version

EndNote Citation Manger

- Desktop
- Greater functionality, more storage, steeper learning curve
- Drexel Subscribes

Use both for greatest flexibility

How to Get Started (Desktop)

Getting Started

- **STEP ONE:** Download EndNote X9 from the Drexel IT Secure Software Server
(Drexel ID/PW required) Download the **EndNote X9** install files from the Drexel IT Secure Software Server. (For Windows - unzip the folder you downloaded) Run the .dmg (Mac) or .msi (Windows) file to install EndNote. The license information is built into the install files so you will not need a product key. (Do *not* download trial version directly from endnote.com) Then open EndNote and install any new updates.
