1098T

IRS Tuition Statement for Students
Drexel University is required by the Internal Revenue Service (IRS) to issue Form 1098-T (Tuition Statement) to any student enrolled during the academic terms in a calendar year. For terms in a calendar year, Form 1098-T documents if your enrollment status is at least half-time, and whether you were enrolled as a graduate student during the reporting period. The form also shows the amounts billed for qualified tuition expenses, and any scholarships or grants received between January 1 and December 31. Additionally, the form includes calendar year adjustments to charges, scholarships and grants for prior years.

Information reported on the federal form 1098-T by Drexel University is based on transactions that occur on the student’s account within a single federal tax year (January 1–December 31). Since Drexel's standard academic year spans two tax years, transactions for one academic year may be reported in two separate tax years, which could affect the 1098-T form from one year to the next.
