GRADUATE RESEARCH ONLINE

STEPPING UP YOUR SCHOLARLY RESEARCH SKILLS: DATABASES & SEARCH STRATEGIES

In this hands-on workshop, we’ll talk about turning your research question into a search strategy, and we will try out searching a few different databases; we’ll include a look at “citation searching” to identify key articles and to trace the development of ideas.

All graduate students are welcome. Upon registration, Zoom details will be automatically emailed to you.

Join Drexel librarians, Sarah Hughes, MSLIS, MA, and Kathleen Turner, MLIS, to learn more about how Drexel Libraries can support you and can make your research process easier and more efficient!

TUESDAY, APRIL 30
5:00 - 6:00 PM EST
