Group Whole Life Insurance at a Glance

Our group whole life insurance provides smart, convenient protection that also helps you achieve your financial goals.

CONSIDER THE ADVANTAGES:

MassMutual@WORK Group Whole Life Insurance provides coverage at a set premium, builds cash value over time you can borrow from and pays a death benefit to your loved ones. Group Whole Life Insurance may be easier and more affordable than you think.

Provides guarantees:
- Guaranteed death benefit
- Guaranteed level premiums
- Guaranteed cash-value accumulation

Dividend eligible
MassMutual@WORK whole life certificate owners are eligible to receive dividends. During enrollment, you’ll have the opportunity to select the dividend option that fits you best. Options include:
  - Cash
  - Dividend accumulations
  - Paid-up additional insurance

Read more about these dividend options when you enroll. While dividends are not guaranteed, MassMutual has paid them to eligible participating policyowners every year since 1869.

Portable, lifelong coverage
You own the certificate along with the accumulated cash values and you can take it with you even if you leave the company. Additionally, if you leave the company and take your certificate with you, you can change your dividend option and choose to have your dividend payments reduce your premiums.

Tax advantages
Whole life insurance policies offer a combination of valuable tax advantages, including:
  - Generally income-tax-free death benefit
  - Tax-deferred cash-value growth

Terminal illness provision
As the certificate owner, you can receive an advance, or acceleration, of a portion of your death benefit if you are diagnosed with a terminal illness expected to result in death within 12 months (this period may be 24 months in some states).

Please be sure to review all of the features of your coverage.

---

1 Access to cash values through borrowing or partial surrenders will reduce the policy’s cash value and death benefit, increase the chance the policy will lapse, and may result in a tax liability if the policy terminates before the death of the insured.
2 Dividends are not guaranteed. The certificate is eligible to receive dividends beginning on the second anniversary.
