The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.ibx.com/LGBooklet or by calling 1-800-ASK-BLUE (TTY:711). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary/ or call 1-800-ASK-BLUE (TTY:711) to request a copy.

### Important Questions

<table>
<thead>
<tr>
<th>Important Questions</th>
<th>Answers</th>
<th>Why This Matters:</th>
</tr>
</thead>
<tbody>
<tr>
<td>What is the overall deductible?</td>
<td>For In-network Tier 1 providers $0/person; $0/family. For In-network Tier 2 providers $300/person; $600/family. For Out-of-Network providers $1,000/person; $2,000/family.</td>
<td>Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.</td>
</tr>
<tr>
<td>Are there services covered before you meet your deductible?</td>
<td>Yes. Preventive care, Primary care services, Specialist services and Emergency room services are covered before you meet your deductible.</td>
<td>This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a>.</td>
</tr>
<tr>
<td>Are there other deductibles for specific services?</td>
<td>No.</td>
<td>You don't have to meet deductibles for specific services.</td>
</tr>
<tr>
<td>What is the out-of-pocket limit for this plan?</td>
<td>For In-network Tier 1 providers $1,000/person; $2,000/family. For In-network Tier 2 providers $2,000/person; $4,000/family. For Out-of-Network providers $3,000/person; $6,000/family.</td>
<td>The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.</td>
</tr>
<tr>
<td>What is not included in the out-of-pocket limit?</td>
<td>Premiums, balance-billing charges, and health care this plan doesn't cover.</td>
<td>Even though you pay these expenses, they don't count toward the out-of-pocket limit.</td>
</tr>
<tr>
<td>Will you pay less if you use a network provider?</td>
<td>Yes. See <a href="http://www.ibx.com/find_a_provider">www.ibx.com/find_a_provider</a> or call 1-800-ASK-BLUE (TTY:711) for a list of network providers.</td>
<td>You pay the least if you use a provider in Tier 1. You pay more if you use a provider in Tier 2. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.</td>
</tr>
<tr>
<td>Do you need a referral to see a specialist?</td>
<td>No.</td>
<td>You can see the specialist you choose without a referral.</td>
</tr>

Your Rights to Continue Coverage: There are agencies that can help if you want to continue your coverage after it ends. To contact the plan call 1-800-ASK-BLUE (TTY: 711). The contact information for these agencies is: For group health coverage subject to ERISA, contact the Department of Labor’s Employee Benefits Security Administration at 1-866-444-EBSA (3272) or www.dol.gov/ebsa/healthreform; For non-federal governmental group health plan, contact the Department of Health and Human Services, Center for Consumer Information and Insurance Oversight, 1-877-267-2323 x61565 or www.cciio.cms.gov. Church plan are not covered by the Federal COBRA continuation coverage rules. If the coverage is insured, you should contact your State Insurance regulator regarding possible rights to continuation coverage under State law. Other coverage options may be available to you too, including buying individual insurance coverage through the Health Insurance Marketplace. For more information about the Marketplace, visit www.HealthCare.gov or call 1-800-318-2596.

Your Grievance and Appeals Rights: There are agencies that can help if you have a complaint against your plan for a denial of a claim. This complaint is called a grievance or appeal. For more information about your rights, look at the explanation of benefits you will receive for that medical claim. Your plan documents also provide complete information to submit a claim, appeal, or a grievance for any reason to your plan. For more information about your rights, this notice, or assistance, contact: For group health coverage subject to ERISA, contact the Department of Labor’s Employee Benefits Security Administration at 1-866-444-EBSA (3272) or www.dol.gov/ebsa/healthreform; for non-federal governmental group health plan and church plan that are group health plan, contact us at 1-800-ASK-BLUE (TTY:711); if the coverage is insured, you may also contact the Pennsylvania Insurance Department - 1-877-881-6388 - http://www.insurance.pa.gov/Consumers.

Does this plan provide Minimum Essential Coverage? Yes.

If you don't have Minimum Essential Coverage for a month, you'll have to make a payment when you file your tax return unless you qualify for an exemption from the requirement that you have health coverage for that month.

Does this plan meet Minimum Value Standards? Yes.

If your plan doesn't meet the Minimum Value Standards, you may be eligible for a premium tax credit to help you pay for a plan through the Marketplace.

*For more information about limitations and exceptions, see plan or policy document at www.ibx.com/LGBooklet.
About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments, and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.

Glossary of Health Coverage and Medical Terms

- This glossary defines many commonly used terms, but isn't a full list. These glossary terms and definitions are intended to be educational and may be different from the terms and definitions in your plan or health insurance policy. Some of these terms also might not have exactly the same meaning when used in your policy or plan, and in any case, the policy or plan governs. (See your Summary of Benefits and Coverage for information on how to get a copy of your policy or plan document.)
- Underlined text indicates a term defined in this Glossary.
- See page 6 for an example showing how deductibles, coinsurance and out-of-pocket limit work together in a real life situation.

Allowed Amount
This is the maximum payment the plan will pay for a covered health care service. May also be called "eligible expense", "payment allowance", or "negotiated rate".

Appeal
A request that your health insurer or plan review a decision that denies a benefit or payment (either in whole or in part).

Balance Billing
When a provider bills you for the balance remaining on the bill that your plan doesn't cover. This amount is the difference between the actual billed amount and the allowed amount. For example, if the provider's charge is $200 and the allowed amount is $110, the provider may bill you for the remaining $90. This happens most often when you see an out-of-network provider (non-preferred provider). A network provider (preferred provider) may not bill you for covered services.

Claim
A request for a benefit (including reimbursement of a health care expense) made by you or your health care provider to your health insurer or plan for items or services you think are covered.

Coinsurance
Your share of the costs of a covered health care service, calculated as a percentage (for example, 20%) of the allowed amount for the service. You generally pay coinsurance plus any deductible you owe. (For example, if the health insurance plan's allowed amount for an office visit is $100 and you've met your deductible, your coinsurance payment of 20% would be $20. The health insurance plan pays the rest of the allowed amount.)

Complications of Pregnancy
Conditions due to pregnancy, labor, and delivery that require medical care to prevent serious harm to the health of the mother or the fetus. Morning sickness and a non-emergency cesarean section generally aren't complications of pregnancy.

Copayment
A fixed amount (for example, $15) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

Cost Sharing
Your share of costs for services that a plan covers that you must pay out of your pocket (sometimes called "out-of-pocket costs"). Some examples of cost sharing are copayments, deductibles, and coinsurance. Family cost sharing is the share of cost for deductibles and out-of-pocket costs you and your spouse and/or child(ren) must pay out of your own pocket. Other costs, including your premiums, penalties you may have to pay, or the cost of care a plan doesn't cover usually aren't considered cost sharing.

Cost-sharing Reductions
Discounts that reduce the amount you pay for certain services covered by an individual plan you buy through the Marketplace. You may get a discount if your income is below a certain level, and you choose a Silver level health plan or if you're a member of a federally-recognized tribe, which includes being a shareholder in an Alaska Native Claims Settlement Act corporation.
### Deductible
An amount you could owe during a coverage period (usually one year) for covered health care services before your plan begins to pay. An overall deductible applies to all or almost all covered items and services. A plan with an overall deductible may also have separate deductibles that apply to specific services or groups of services. A plan may also have only separate deductibles. (For example, if your deductible is $1000, your plan won’t pay anything until you’ve met your $1000 deductible for covered health care services subject to the deductible.)

### Excluded Services
Health care services that your plan doesn’t pay for or cover.

### Formulary
A list of drugs your plan covers. A formulary may include how much you share of the cost is for each drug. Your plan may put drugs in different cost-sharing levels or tiers. For example, a formulary may include generic drug and brand name drug tiers and different cost-sharing amounts will apply to each tier.

### Grievance
A complaint that you communicate to your health insurer or plan.

### Habilitation Services
Health care services that help a person keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who isn’t walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of inpatient and/or outpatient settings.

### Health Insurance
A contract that requires a health insurer to pay some or all of your health care costs in exchange for a premium. A health insurance contract may also be called a “policy” or “plan”.

### Home Health Care
Health care services and supplies you get in your home under your doctor’s orders. Services may be provided by nurses, therapists, social workers, or other licensed health care providers. Home health care usually doesn’t include help with non-medical tasks such as cooking, cleaning, or driving.

### Hospice Services
Services to provide comfort and support for persons in the last stages of a terminal illness and their families.

### Hospitalization
Care in a hospital that requires admission as an inpatient and usually requires an overnight stay. Some plan may consider an overnight stay for observation as outpatient care instead of inpatient care.

### Hospital Outpatient Care
Care in a hospital that usually doesn’t require an overnight stay.

**Glossary of Health Coverage and Medical Terms**

---

**Page 2 of 8**
Individual Responsibility Requirement
Sometimes called the “individual mandate”, the duty you may have to be enrolled in health coverage that provides **individual responsibility requirement**. If you don’t have **minimum essential coverage**, you may have to pay a penalty when you file your federal income tax return unless you qualify for a health coverage exemption.

In-network Coinsurance
Your share (for example, 20%) of the **allowed amount** for covered healthcare services. Your share is usually lower for in-network covered services.

In-network Copayment
A fixed amount (for example, $15) you pay for covered health care services to **providers** who contract with your **health insurance or plan**. In-network copayments usually are less than out-of-network copayments.

Minimum Essential Coverage
Health coverage that will meet the **individual responsibility requirement**. Minimum essential coverage generally includes plans **health insurance** available through the **Marketplace** or other individual market policies, Medicare, Medicaid, CHIP, TRICARE, and certain other coverage.

Minimum Value Standard
A basic standard to measure the percent of permitted costs the **plan** covers. If you’re offered an employer **plan** that pays for at least 60% of the total allowed costs of benefits, the **plan** offers minimum value and you may not qualify for **premium tax credits** and **cost sharing reductions** to buy a **plan** from the **Marketplace**.

Network
The facilities **providers** and supplies your **health insurance or plan** has contracted with to provide health care services.

Network Provider (Preferred Provider)
A **provider** who has a contract with your **health insurer or plan** who has agreed to provide services to members of a **plan**. You will pay less if you see a **provider** in the network. Also called “preferred provider” or “participating provider.”

Ostototics and Prosthetics
Leash, arm, back and neck braces, artificial legs, arms, and eyes, and external breast prostheses after a mastectomy. These services include adjustment, repairs, and replacements required because of breakage, wear, loss, or a change in the patient’s physical condition.

Out-of-pocket Limit
Yearly amount the federal government sets as the most each individual or family can be required to pay in **cost sharing** during the plan year for covered, in-network services. Applies to most types of health **plan** and insurance. This amount may be higher than the **out-of-pocket limit** stated for your **plan**.

Medically Necessary
Health care services or supplies needed to prevent, diagnose, or treat an illness, injury, condition, disease, or its symptoms, including habilitation, and that meet accepted standards of medicine.

Out-of-pocket Coinurance
Your share (for example, 40%) of the **allowed amount** for covered health care services to **providers** who don’t contract with your **health insurance or plan**. Out-of-network coinsurance usually costs you more than in-network coinsurance.

Out-of-network Copayment
A fixed amount (for example, $30) you pay for covered health care services from **providers** who do not contract with your **health insurance or plan**. Out-of-network copayments usually are more than in-network copayments.
Out-of-network Provider (Non-Preferred Provider)

A provider who doesn’t have a contract with your plan to provide services. If your plan covers out-of-network services, you’ll usually pay more to see an out-of-network provider than a preferred provider. Your policy will explain what those costs may be. May also be called “non-preferred” or “non-participating” instead of “out-of-network provider.”

Out-of-pocket Limit

The more you could pay during a coverage period (usually one year) for your share of the costs of covered services. After you meet this limit the plan will usually pay 100% of the allowed amount. This limit helps you plan for health care costs. This limit never includes your premiums, balance-billed charges or health care your plan doesn’t cover. Some plans don’t count all of your payments, deductibles, coinsurance payments, out-of-network payments, or other expenses toward this limit.

Physician Services

Health care services a licensed medical physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), provides or coordinates.

Plan

Health coverage issued to you directly (individual plan) or through an employer, union or other group sponsor (employer group plan) that provides coverage for certain health care costs. Also called “health insurance plan”, “policy”, “health insurance policy” or “health insurance”.

Preauthorization

A decision by your health insurer or plan that a health care service, treatment plan, prescription drug or durable medical equipment (DME) is medically necessary. Sometimes called prior authorization, prior approval or precertification. Your health insurance or plan may require preauthorization for certain services before you receive them, except in an emergency. Preauthorization isn’t a promise your health insurance or plan will cover the cost.

Premium

The amount that must be paid for your health insurance or plan. You and/or your employer usually pay it monthly, quarterly, or yearly.

Premium Tax Credits

Financial help that lowers your taxes to help you and your family pay for private health insurance. You can get this help if you get health insurance through the Marketplace and your income is below a certain level. Advance payments of the tax credit can be used right away to lower your monthly premium cost.

Prescription Drug Coverage

Coverage under a plan that helps pay for prescription drugs. If the plan’s formulary uses “tiers” (levels), prescription drugs are grouped together by type or cost. The amount you’ll pay in cost sharing will be different for each “tier” of covered prescription drugs.

Prescription Drugs

Drugs and medications that by law require a prescription.

Preventive Care (Preventive Service)

Routine health care, including screenings, check-ups, and patient counseling, to prevent or detect illness, disease, or other health problems.

Primary Care Physician

A physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), who provides or coordinates a range of health care services for you.

Primary Care Provider

A physician, including an M.D. (Medical Doctor) or D.O. (Doctor of Osteopathic Medicine), nurse practitioners, clinical nurse specialist or physician assistant, who provides health care services. Includes a doctor, nurse, physician, and hospital, surgical center, skilled nursing facility, and rehabilitation center. The plan may require the provider to be licensed, certified, or accredited as required by state law.

Glossary of Health Coverage and Medical Terms
Reconstructive Surgery
Surgery and follow-up treatment needed to correct or improve a part of the body because of birth defects, accidents, injuries, or medical conditions.

Referral
A written order from your primary care provider for you to see a specialist or get certain health care services. In many health maintenance organizations (HMOs), you need to get a referral before you can get health care services from anyone except your primary care provider. If you don’t get a referral first, the plan may not pay for the services.

Rehabilitation Services
Health care services that help a person keep, get back, or improve skills and functioning for daily living that have been lost or impaired because a person was sick, hurt, or disabled. These services may include physical and occupational therapy, speech-language pathology, and psychiatric rehabilitation services in a variety of inpatient and/or outpatient settings.

Screening
A type of preventive care that includes tests or exams to detect the presence of something, usually performed when you have no symptoms, signs, or prevailing medical history of a disease or condition.

Skilled Nursing Care
Services performed or supervised by licensed nurses in your home or in a nursing home. Skilled nursing care is not the same as “skilled care services”, which are services performed by therapists or technicians (rather than licensed nurses) in your home or in a nursing home.

Specialist
A provider focusing on a specific area of medicine or a group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions.

Specialty Drug
A type of prescription drug that, in general, requires special handling or ongoing monitoring and assessment by a health care professional, or is relatively difficult to dispense. Generally, specialty drugs are the most expensive drugs on a formulary.

UCR (Usual, Customary and Reasonable)
The amount paid for a medical service in a geographic area based on what providers in the area usually charge for the same or similar medical service. The UCR amount sometimes is used to determine the allowed amount.

Urgent Care
Care for an illness, injury, or condition serious enough that a reasonable person would seek care right away, but not so severe as to require emergency room care.
