Preliminary inventory of Records of the American Medical Women's Association which were transferred from the Cornell Medical Center Archives, to the Archives and Special Collections on Women in Medicine at the Medical College of Pennsylvania, in March 1993. The collection was inventoried by F. Michael Angelo and Teresa Taylor of the ASCWIM, with assistance from Robin Ingalls and Ida Wilson.

Boxes 59-69 constitute Boxes 1-11 of the "3037" series inventoried by the Cornell Medical Center Archives. Boxes in this series were identified 3037-1, 3037-2, and so on. Although the Cornell inventory lists only boxes 1 - 11 for this series, we found subsequent boxes labelled 3037-12 - 3037-13 for which we received no content lists. Cornell's inventory for the 3037 series (formerly boxes 3037-1 through 3037-11) is attached. Please refer to it for contents of boxes 59-69.

Box 70 (3037-12) -- contains 66 files, labelled only with box and folder numbers. Dates range from 1928 to 1968, with the bulk of the material dating from the 1940s. Correspondents include Kate Hurd-Mead, Maud Abbott, and Marion Craig Potter. There is MWIA correspondence and Medical Woman's Journal correspondence. Much of the material is biographic, especially obituaries, and is organized by states in which the subjects lived and practiced medicine. There are also numerous reprints, newsclippings (or xeroxes of newsclippings), and press releases. (No inventory was received from Cornell for this box.)

Box 74 (document box) -- contains MWIA material relating to annual meetings, 1979-1982;
also one file on the Archives Committee ca. 1964-1985.
