

Acc. 72

Ellis, Susanna H.

1851

A disquisition on the influence of the nervous system on the functions of respiration and digestion.

Hunt, Angenette A.

1851

The true physician.

Longshore, Anna M.

1851

A disquisition on electricity.

Longshore, Hannah E.

1851

A disquisition on neuralgia: its treatment.

Mitchell, Frances G.

1851

A disquisition on chlorosis.

Preston, Ann.

1851

A disquisition on general diagnosis.

Way, Phebe M.

1851

"A few sentiments on the subject of wounds, and some of their consequences."

Richardson, Margaret.

1852

A disquisition on phthisis.

Sawin, Martha A.

1852.

A disquisition on anaemia.

- 2 Adams, Charlotte G. 1853.
Disquisitio de physiologiis effectis nutricum a lactatione nimia.
- Anderson, Annah N. S. 1853
A disquisition on general physiology.
- Beverly, Julia A. 1853
A disquisition on iron.
- Ellis, Hannah W. 1853.
A disquisition on labor.
- Johnson, Henrietta W. 1853
A disquisition on the skin and its functions.
- Minnis, Maria 1853
A disquisition on medical jurisprudence.
- Montgomery, Augusta R. 1853
Disquisition on the medical education of woman.

- Brown, Lucinda R. 1854
Digestion.
- Elliger, Minna. 1854
The history of chemistry.
- Rates, Elizabeth H. 1854
The best means of preserving health.
- Shattuck, Elizabeth G. 1854
Iodine.
- Wilmarth, Phila. O. 1854
Inflammation.
- Heald, Mrs. Jane S. 1855
Obstetrics.
- Nivision, Samantha S. 1855
"Priest of nature and her interpreter,"
- Smith, Mary E. 1855
Thoughts that would strike out all order from the universe.
- Thomas, Eliza L.S. 1855
The propriety of anaesthetic agents in surgical operations.
- Varney, Emily A. 1855.
Disquisition on secreting glands.

- Hughes, Debbie A. 1856
Carcinoma
- Ross, Laura J. 1856
Phthisis pulmonalis.
- Starr, Jane L. 1856
Disquisition on scarlatina.
- Baugh, Elizabeth P. 1857
Disquisition on phthisis pulmonalis.
- Brinton, Hanna W. 1857
A disquisition on rheumatism.
- Hayhurst, Susanna 1857
A disquisition on poisons.
- Moon, Ori~~e~~ R. 1857
A disquisition on the mutual relation between cardiac and pulmonary disease.
- Peterselia, L. M. 1857
Disquisition on the theory & pathology of asphyxia.
- Wilson, Phebe. 1857
A disquisition on parturition.

- 5 Jones, Marie W. 1858
A disquisition on sleep.
- Parry, Susan. 1858
A disquisition on hygiene.
- Buckel, C. Annette 1858
A treatise on insanity.
- Fussell, Rebecca L. 1858
A disquisition on anaesthetics.
- Adams, Harriet 1859
A disquisition on digestion,
- Baily, M. M. 1859
A disquisition on the blood,- its expansion or motion by caloric,- generated
in the lungs.
- Mellene, Elizabeth S. 1859
A disquisition on eutrophics.
- Potter, Maria W. 1859
A disquisition on displacements of the uterus.
- Stratton, M. Almira. 1859
A disquisition on hydrogen.
- Underwood, C. J. 1859
A disquisition on water.

- 6 Zimmerman, Eliza J. 1860
A disquisition on digestion within the animal body.
- Davies, Frances V. 1861
An essay upon pneumonia.
- Kleckner, Sarah 1861
A disquisition on apoplexy.
- Paul, Sarah E. 1861
An essay on the treatment of infants.
- Payne, Jane 1861
A disquisition on women as physicians.
- Reynolds, Mary J. 1861
A disquisition on the duties and responsibilities of the physician.
- Speakman, Rachel T. 1861
A disquisition on physiology.

- 7 Cork, Frances Amelia. 1863
A treatise on phthisis pulmonalis.
- Mc Carn, Sarah J. 1863
A dissertation on infancy.
- Mc Cray, Mrs. J.M. 1863
The nervous system.
- Dyson, Betsey 1864
An inaugural dissertation on uterine haemorrhage.
- Pettingill, Eliza F. 1864
The ovaries.
- Putnam, Mary C. 1864
Theorae ad lienis officium
- Raymond, Amelia F.D. 1864
The human brain.
- Sweezey, Dora A. 1864
A treatise on ulceration of the cervix uteri.
- Tomkins, Amelia. 1864
An inaugural dissertation on mercury.

- Abbott, Lucy M. 1865
Pregnancy.
- Gerry, Ruth A. 1865
Malaria.
- Leavell, Nancy M. 1865
Typhoid.
- Blackmar, Mary E. 1866
Aural surgery.
- Chapin, E. Jennie 1866
An abstract on the subject of chloroform
- Warrington, Elizabeth 1866
Hemorrhoidal affections.
- Woodruff, Charlotte T. 1866
Tuberculosis.
- Wylie, Harriet Armsby 1866
A disquisition on "the human face divine."

- Cole, Rebecca J. 1867
The eye and its appendages.
- Dickey, Rachel A. 1867
The nervous system.
- French, Ruth A. 1867
Uterine hemorrhage.
- Hays, Elizabeth 1867
The uterus.
- Roys, Elmina M. 1867
Chronic disease.
- Sanders, Lizzie A. 1867
A dissertation on digestion.
- Smith, Lettie 1866 (1867)
The liver and its diseases.
- Stone, Elise Pfeiffer. 1867
The True position of woman.
- Wadsworth, Mary L. 1867
The theory of inflammation.

Blinn, Odelia	1868
Meningitis.	
Conyngham, Mary E.	1868
Acne.	
Coon, Sarah A.	1868
The heart.	
Greene, Mary E.	1868
Medical jurisprudence.	
Irish, Delila S.	1868
Valvular diseases of the heart.	
Johnson, Agnes M.	1868
Maternal influence.	
Porter, Francena E.	1868
Enteric fever.	
Preston, Harriet E.	1868
Opium.	
Rutherford, Frances A.	1868
Value of objective symptoms in diagnosis.	
Smith, Nancy C.	1868
Pneumonia.	

11	Concklin, Eudolphia L.	1869
	The circulatory apparatus.	
	Cox, Julianna T.	1869
	Asthma.	
	Ewing, Emma C.	1869
	Digestion.	
	Hopkins, Harriet C.L.	1869
	Alimentation.	
	Marbourg, Wilhelmina R.W.	1869
	Cimicifuga racemosa.	
	Meade, Euthanasia S.	1869
	Death.	
	Petrie, Elisa F.	1869
	Diabetes mellitus.	
	Pratt, Mary	1869
	The structure and function of the human skin.	

12	Seymour, Ann C.	1869
	Hygiene.	
	Smith, Cynthia.	1869
	The mutual influence of mind and body.	
	Stinson, Mary H.	1869.
	The haloid group.	
	Swain, Clara A.	1869
	Endometritis.	
	Taylor, Sarah	1869
	Erysipelas.	
	Tow ^s end, Eliza	1869
	Nature's curative power.	
	Towsley, Matilda L.	1869
	The human eye.	

- Baker, Sibelia F. 1870
Heat and light.
- Brown, Jennie G. 1870
Diet and digestion.
- Carpenter, Julia W. 1870
Woman's physical strength.
- Croasdale, Hannah T. 1870
Ferrum.
- Hall, Sarah C. 1870
The physical and moral effects of abortion.
- Hibbard, Sarah A. 1870
The power and influence of the true physician.
