.5: slightly worn and stained; upper and lower right corners are cracked; scrapbook paper on back

.6: slightly worn; scrapbook paper on back

.7: upper left, upper and lower right corners are cracked; slightly stained on back

Description: The donor noted that some of the photos show the class of 1930 at Woman's Medical College of Pennsylvania and that Dean Tracy (Martha) "took us to luncheon."

Additional Comments: These photographs were found in a file cabinet containing items from the office of a previous director of the Archives. An acknowledgment letter and Deed of Gift had been sent, the Deed of Gift signed and returned, and an accession number assigned, but there was *no* accession record or finding aids created for these items. And so, this accession record has been created in October of 1997, even though the gift was donated in 1995.
