

MCP Hahnemann University
Archives and Special Collections on Women in Medicine
Transfer Receipt

Accession #: 1998.27.1-4

Date: November 16, 1998

Source: Linda B. Hiner, M.D.
Senior Associate Dean for Student Affairs

Object: .1 window sticker showing MCP emblem, n.d.
.2 blank invitation from the Beta Chapter of Zeta Phi Fraternity
.3 8 x 10 copy print of a photograph of Catharine Macfarlane (P-2009)
.4 photocopy of an article taken from the *Philadelphia Ledger*, December 28,
1927, titled "Dr. Macfarlane Operates Before Girl Students"

Date: n.d.

Notes: These materials were sent with a note stating that the photo had been found at the Zeta Phi House and was given to Dr. Hiner by the students living there because the house and property have been purchased by former alums who plan to "establish some ongoing memory of the house and its past." There was no mention of the other items transferred. The window sticker and invitation are housed in the Zeta Phi Fraternity vertical file. The copy print duplicates an image in the collection that has already been cataloged as P-2009, and so it is housed in the photo collection. The photocopy of the article is housed in Catharine Macfarlan's Deceased Alumnae file.
