Object: WMC/MCP Sesquicentennial Project Questionnaire: approximately 90 completed alumnae/i questionnaires.

Date: 1998

Notes: These questionnaires were transferred to the Archives via Steve Peitzman from the Development Office of Allegheny University of the Health Sciences. They were created by the Sesquicentennial Project Committee, which was made up of University staff and alumnae/i, to assist in the development of projects/events for the 150th anniversary of the institution. They represent responses from alums who graduated from the 1930s through 1997. Dr. Peitzman kept the questionnaires for research purposes until early 2000, then passed them on to the Archives.
