Additional Comments: There is another copy of this book in the collection (RG525/S8), but this copy is in better condition and it is a slightly different edition. The publisher of RG525, etc. was Sanitary Publishing Co. which produced it in 1885. This edition was published by Alice B. Stockham & Company in 1897. The tooled images on the cover of each are somewhat different as are the portraits of the author.
